Opponents Get Drive Moving To Oust Malan

Racial Division Policy Basis Of Upheaval in South Africa

CAPETOWN, May 27 (AP)—A four-pronged drive to oust racist, anti-British Prime Minister Daniel F. Malan from office got under way today.

Malan's opponents threatened strikes, great protest rallies, secession of the predominantly British State of Natal from the Union of South Africa, and disobedience of segregation laws by non-whites.

The anti-Malan drive seemed to stem from one source—dislike of his racial policy which would divide South Africa into white and non-white communities. This has already produced a challenge to the country's courts and constitution.

On the labor front, unrest continued as a sequel of a government bid to purge trade unions of officials labeled Communist.

In Port Elizabeth, 1,500 garment workers went on strike today as a protest against the two arrests of their leader, E. S. Sachs, who had defied a government order to stop political activities.

Leaders representing 100,000 workers in the strong South African Trades and Labor Council have called a conference to discuss a possible general strike.

On the protest front, the Torch Commando of war veterans today asked J. G. N. Strauss, leader of the opposition United Party, to lead a silent march through Capetown, June 4, as a protest against a government bill to change the constitution and limit court powers. Similar marches are being planned in all union cities.

East German Reds Retaliate for Pact

No-Man's-Land Established Along Tense Zonal Border

BERLIN, May 27 (CP)—The Communist East German government today told Red secret police they could shoot to kill anyone found without proper authorization in a newly-created no-man's land at the tense West German border.

Creation of the three-mile wide zone is one in a series of retaliatory moves aimed at West Germany for signing a separate peace contract with Britain, France and the U.S.

East Germany also cut off all telephone service between West Berlin and the Russian sector and some long-distance lines to West Germany. It adopted a new formula for transit visas which could strangle traffic between West Berlin and the Bonn Republic.

The machinery thus created requires only a little tightening to blockade Berlin.

A senior Allied official said:

"They have now arranged things so that we have the alternative of slowly watching West Berlin wither away, putting the entire place on the dole, or starting up an airlift (as was done in 1948-49 to break the blockade). If they claim the skies above their head, too, that's it."

ALLIES FIRM

In Paris, the big three western powers said they would regard aggression against Berlin as a threat to their own security.

The new visa formula requires all Germans to get an East German permit before setting foot on East German soil. There are 100 miles of this soil between Berlin and the West.

Germans either living in the Soviet zone or taking a trip there must possess an East German identity card. Anyone who lacks such a card will have to apply for a special permit. The tightened travel rule will sharply curtail the flow of Germans from east to west, West Berlin circles said. It may work a particular hardship on the West Berliners themselves, because many thousands of them travel daily across the surrounding Soviet zone border.

All telephone lines between East Berlin and the British, United States and French sectors of the city were cut during the morning. Many long-distance lines between the Soviet zone and both West Berlin and West Germany also were blocked.

Platoons of workmen with power tools started digging trenches at various points along the 400-mile border from the Baltic to Bavaria.

Fascist Vote Heavy

ROME, May 27 (AP)—Premier Alcide de Gasperi's Democratic forces retained control of Rome and assorted provincial capitals, but election tides swept six key southern cities into the hands of a Fascist-Monarchist combine today.

Pressed hard by the Communist-led left and the Fascist-Monarchist right, the Christian Democrats and their middle-ground allies appeared holding firmly to a majority of the 2,400 municipalities which chose new councils Sunday and Monday.

However, a potential threat to De Gasperi's pro-western National government was spotlighted by the gains of the Fascist Italian Social Movement and the Monarchists.

They captured Naples, now Allied headquarters for Southern Europe; the key Adriatic port of Bari, through which U.S. arms pour into Italy; Foggia, wartime Allied air base; Salerno, where Allied troops landed to deal a death blow to Mussolini's rule, and the cities of Avellino and Benevento.

Defense Treaty Signed

PARIS, May 27 (AP)—States men of the west signed today a series of historic agreements cementing free Europe's defense and solemnly warning the Communist world to keep hands off.

In a day of momentous events, the representatives of 15 countries signed a series of treaties and protocols linking the full power of the North Atlantic Alliance with a European army, including West Germany, and pledging the combined might of the west to fight if any one country should be attacked.

State Secretary Dean Acheson of the United States hailed the signing as "one of the most important and far reaching events of our lifetime."

Six western European countries signed a pact committing them to build a 1,000,000-man army under unified command. Britain, U.S. and France issued a portentous declaration in support.

SOVIET WARNED

The Big Three warned the Soviet Union that any attack on any part of free Europe—including Berlin or West Germany—would be received as a threat to the security of the Big Three.

In Moscow the press thundered with anger. The Literary Digest printed a telephoned dispatch from Berlin suggesting that the German people one day would place West German Chancellor Konrad Adenauer on trial for signing the Bonn agreement.

The signing of the agreements does not mean that the European defense community has come into existence yet. A hard fight awaits it in the parliaments of the member countries and it may be many months before Germany begins recruiting the 400,000 men who will make up the German contribution to the European army.

Abbott Upholds Taxing Of Medical Expenses

OTTAWA, May 27 (BUP)—Finance Minister D. C. Abbott told the Commons today that medical expenses were a part of ordinary living costs and it would be "unfair, unsound and unjust" to exempt them from taxation.

The finance minister again rejected opposition appeals to abolish the 4 per cent floor on deductible medical expenses for income tax purposes, despite a unanimous House vote early this session to consider repealing the limit.

"I feel that it is a fundamental principle that no expense which is an ordinary living expense should be tax-free," Mr. Abbott told the Commons. "I cannot bring myself to recommend conscientiously that this ordinary living expense should be wholly deductible."

Opposition members said the government's rejection of the demand for removal of the floor contributed to opposition victories in Monday's by-elections. Mr. Abbott said, however, he had explained his reason for continuing the floor in an election campaign speech at Kitchener, Ont., centre of Waterloo North constituency, one of the two Liberal victories Monday.

AVERAGE AMOUNT

He said the floor was introduced by his predecessor, J. L. Ilsley, now Chief Justice of Nova Scotia, because it represented what the average family would spend on medical expenses. The floor was originally 5 per cent of taxable income, but was reduced to 4 per cent for administrative reasons, he said.

"It may be that the 4 per cent floor is too high," Mr. Abbott said. "Perhaps it should be reduced, but after considering the matter thoroughly for this budget, I came to the conclusion that it was not.

"It would be unfair, unsound, and unjust to eliminate the floor with respect to medical expenses," he added.

Year's Warmest Day As Mercury Hits 73.9

Victoria's weatherman, often the butt of unkind remarks, got his own back yesterday—he knew for a fact that Victoria residents were half-baked.

Warmest day of the year so far was recorded shortly after noon yesterday when the mercury touched 73.9.

"Just a promise of things to come," the weatherman said, forecasting more of the same, with light winds.

Martial Law End Voted By Assembly

PUSAN, Korea, May 28 (Wednesday) (AP)—The South Korean National Assembly voted 96 to 3 today to lift martial law from this provincial capital.

It was a rebuke to President Syngman Rhee and possibly was aimed to test his powers with the South Korean army. The action widened the breach between Rhee, who proclaimed martial law and has South Korean army backing, and the Assembly which elects the president.

The political crisis prompted secret conferences Tuesday among Rhee, Gen. James A. Van Fleet and the top diplomatic officials.

Results of the session were not disclosed. A source close to the United Nations commission for the Unification and Rehabilitation of Korea said members expressed "deep concern" about the situation.

Van Fleet, U.S. Eighth Army commander, flew from his Seoul headquarters.

Rhee said earlier that he declared martial law because of the killing of five United States soldiers in a guerrilla ambush and increasing demonstrations.

About 30 guerrillas fired without warning on a small U.S. army camp in a gravel pit at Tonghae, about eight miles north of Pusan. A Korean house boy was also killed and two Americans wounded. Survivors said it was a raid to obtain guns.

Armistice Talks Critical

MUNSAN, Korea, May 28 (Wednesday (AP)—The bitter Korean armistice talks entered a more critical phase today with a Communist threat of new blows on the battlefront.

After nearly 11 months of wearying negotiations a truce seemed farther away than ever—but both sides agreed to meet again today at Panmunjom at 11 a.m. (10 p.m. E.D.T. Tuesday).

The top truce teams reconvened Tuesday after a three-day recess. Even before the Allied delegation took their seats in the dusty, weather-bleached tent, North Korean Gen. Nam Il said angrily:

"The Korean people's army and the Chinese people's volunteers decidedly cannot sit by while seeing their captured fellow combatants being slaughtered by your side at will."

It was a reference to Communist charges of maltreatment of Red prisoners, but this time it was much stronger.

Maj.-Gen. William Harrison, Jr., senior Allied delegate, said he regarded Nam Il's statement as "a pure propaganda speech."

Home Industries Urged For City Unemployables

The industrial bureau of the Victoria Chamber of Commerce is being asked to look into the possibilities of finding some home industries for Victoria's unemployables.

Ald. Brent Murdoch, at the annual meeting of the bureau yesterday, surprised members when he said that the city estimated it would spend $370,000 this year in relief for unemployables.

"The people who get this money are not the very old, who are covered by pensions, nor are they those who are covered under workmen's compensation," said Ald. Murdoch, who is chairman of the city social welfare committee.

The alderman said he had made inquiries at various stores and had found there was a distinct market for goods that came into the souvenir category.

"Handbags are just one example," he said, adding that he considered that it would be doing the city a distinct service if the bureau could investigate the possibility of developing a home-craft industry whereby some of these unemployables could be taught to help themselves.

The officials of the bureau promised to take the matter up with city authorities for research and investigation.

Plane Carries Four to Death

PORT ANGELES, Wash., May 27 (AP)—A U.S. Coast Guard flying boat carried four men to death in the Strait of Juan de Fura today.

Eight others aboard were rescued after the take-off crash of the P.B.M. at the mouth of Port Angeles bay. None was believed to have serious injuries.

Mishap on Weathership

Cruiser Races to Youth's Aid

Breaking away from a training cruise that started Monday, the cruiser Ontario early this morning was racing northward to meet the Canadian weathership Stonetown and provide medical assistance to a 17-year-old Victoria youth injured aboard the Stonetown Monday night.

The weather ship, in turn, was racing from weather Station Peter, to meet the navy ship.

The two vessels were expected to meet about 5:30 a.m. today.

Seriously ill is Edmond "Ted" Stevens, son of Mr. and Mrs. C. Stevens, 18 Hampton Road.

On May 1 young Stevens had his appendix removed. Monday night he reportedly fell against a fire extinguisher aboard the Stonetown. The fall resulted in a series of sharp pains.

In a wireless report to T. E. Morrison, local agent for the transport department, Capt. James McMunagle of the Stonetown reported the boy's temperature was 97 degrees, and that his pulse had gone as low as 56. Sharp pains were occurring at three-minute intervals.

Surgeon-Commander J. W. Rogers heads the medical staff aboard the cruiser, and is now in charge of the case. The ship has a modern and fully equipped sick bay with operating facilities.

At the meeting this morning it was expected here that the surgeon-commander would be sent by boat to the weather ship to supervise transfer of the youth to the cruiser, and most likely will be with that warship until she reaches either San Francisco or San Diego.

Stevens was serving as a steward aboard the Stonetown.

Latest reports received by the transport department indicated the boy was "holding his own."

Victoria doctors who performed Steven's appendectomy, have wirelessed the case history to the two ships concerned.

Sending an aircraft to the scene would have been out of the question, Mr. Morrison stated yesterday. "A plane would have found it almost impossible to land on turbulent water in the first place. Getting the injured boy to the plane and getting the aircraft off the water again would have presented dangerous risks for everybody concerned."

Theft Solved

MONTREAL, May 27 (CP)—Quebec Provincial Police reported tonight they had solved the $115,000 gold brick theft at Malartic, Que., with the arrest of two mine employees and the recovery of most of the gold.

Identity of the men, aged 49 and 23, was not disclosed pending further investigation. At least one more arrest is expected, police said.

The theft, one of the biggest reported by Canadian mining officials in years, took place last Wednesday at the East Malartic mine refinery. Thieves opened a vault containing the gold with an acetylene torch.

Police said no charges have been laid yet.

General Tops Senator Taft

WASHINGTON, May 27 (AP)—Gen. Dwight D. Eisenhower scored nearly a clean sweep over Senator Robert A. Taft in Connecticut today and pulled up within 20 votes of Taft in the race for delegates to the Republican Presidential nominating convention.

In Texas, Taft .Republicans lowered the boom on Eisenhower forces and anti-Truman Democrats won out over pro-administration forces in bitter feuding that split the parties into four conventions.

Cards Left Behind After Child Hurt

Cards were unlucky yesterday for Gordon Parker, 3, of 3094 Irma Street, when he ran onto quiet dead-end street and collided with car driven by Richard Merrill, 1859 Forester Street, which was backing up on gravel road. Youngster was sent home after being treated at the Royal Jubilee Hospital for cut to head. Musing on dangers of play on road are playmates Ricky Birch, 2, of 3091 Irma, and Kenneth Kulai, also 2, of 3085 Irma. Cards that Parker youngster was playing with when he was struck by car were left on road.—(Colonist photo by Jim Ryan.)

Saanich Meeting Demands Answers

Ash, Holms Would Reject Coalition

Arthur Ash, Liberal candidate for re-election in Saanich, last night said flatly that he "would not be a party" to another coalition government.

His Conservative opponent, Cecil Holms, said he would join a new coalition only in a "national emergency."

The two candidates were put on the spot at a Royal Oak meeting sponsored by the Vancouver Island Dairymen's Association. Other Saanich candidates, Frank Snowsell of the C.C.F. and Archie Beyerstein of the Social Credit League, also took part.

The meeting was called to get the candidates' views on agricultural problems, but rapid-fire questions from the floor ranged widely.

It was one of the few well-attended meetings of the lower Island election campaign. About 140 Saanich residents turned out.

The speakers were frequently interrupted by boos, catcalls and derisive laughter.

POINTED QUESTIONS

The coalition issue came up in the question-period. A young man asked if either Mr. Holms or Mr. Ash would be a party to another partnership government.

"I'm not running on a coalition ticket," Mr. Holms cautiously began.

"That's not an answer," retorted the questioner.

"Answer yes or no," shouted a dozen more people.

"Well," said Mr. Holms, "if there was a national emergency where a coalition became necessary, yes. Otherwise, no."

"I don't think joining a coalition would make for a better province . . ." said Mr. Ash. "I would not be a party to a coalition again . . ."

In reply to one question, Mr. Ash said, "I am in favor of the sales tax. I make no bones about it. It's a just tax." The rest of his statement was lost in a roar of laughter.

Asked his opinion on milk price controls, Mr. Holms said, "I don't believe in the milk board at all. I believe the business should be back on a competitive basis."

Each candidate was given 15 minutes in which to state his stand on agricultural problems. In summary, this is what they said:

Cecil Holms, Conservative, favors government loans to farmers' sons to keep the boys on the land, a larger budget share for the B.C. agriculture department, and a Saanich irrigation project.

Frank Snowsell, C.C.F., favors a seven-man milk board with producer representation, indirect subsidies for farmers, dairy co-operatives and lower school taxes on farm lands.

Archie Beyerstein, Social Credit, favors producer representation on the milk board, improved marketing conditions, "grass-roots" co-operatives, a review of school taxes, and irrigation.

Arthur Ash, Liberal, favors equitable school taxes, a bigger agriculture department budget, producer representation on the milk board, a B.C. veterinary college, government loans to young farmers, irrigation, and an extension of the government's land-clearing program.

ALL ABOARD

With G. E. Mortimore

Splashing the bright blue paint on the boat, I paused to remove my tattered Indian sweater. Then, at intervals, I also removed my shirt and vest and stood clothed in an old pair of trousers and an undershirt of paint splotches, openly defying the proverb which said, "Don't cast a clout till May is out."

The sun [illegible] the lake and the hot bright sun made the water sparkle. The sky had the real hot-weather look—high clouds lacing the blue and all spread over with the same brassy glaze you often see in the more humid tropical places. The trees had turned a drier, firmer green. Boats glided by. I sniffed the warm air and felt happy because the long martyrdom of damp grey days had finally come to an end.

Summer grows quietly and bursts upon you in a sudden fanfare of color on a certain day, like a butterfly leaving its cocoon.

This was summer, without any question. Upstairs in the house, a wasp fretted at a window pane. Down here, tight schools of gnats milled about, and bees buzzed in the raspberry flowers. I put my eye to a crack in the float, and for the first time this year, saw plump, cheeky little sunfish glide through the green depths. I turned over a log in the shallow water and captured a large, highly indignant crawfish, which did its best to remove one of my fingers. I took it in a bucket to show my mother-in-law, who had never seen one.

Lying on the float staring into the water, I saw a bass glide past, and a catfish nose into the mud. Warm water had drawn the fish up from their deep refuge. It had also drawn human small fry down swimming. I heard them splash and yell. However, I do not judge the temperature of water by the same standards as fish and small boys. To me, it was still cold. I remained on shore.

* * *

Summer inspires even a lazy man with zeal for work. His energy exhausts itself, like the dragon fly's, after a brief day of glory, but it is a noble thing while it lasts. The work always seems to outdistance the worker. On a perfect day for rowing, the boat is still being painted.

Admittedly painting is a solid, satisfying thing to do. It gives the painter a mildly creative feeling. He is bringing new, bright color to a common object in the landscape, and aiding and abetting the summer. If he gets half the paint on his face, there is no great harm done.

But while he paints, the grass is turning pale and sickly under the boat, so that when the boat is finally turned over, there will be its shadow in burned grass cruising across our so-called lawn, right beside the phantom boat of the previous year.

Elsewhere, the grass seems to have sprung up overnight into a jungle of coarse hay. As fast as it is trimmed in one place it burgeons in another.

Beside our pretence of a lawn there is also our pretence of a garden, which consists of a three-foot row each of carrots and lettuce, 10 scarlet runner plants, and some radishes which are all top and no bottom. That garden doesn't call for much work. If it did, it would call in vain.

I am even happier about the quince tree, the pocket-sized apple tree, the raspberry canes and the grape vine. They are now flowering, and will at length bear fruit. We won't even have to bother picking and eating the stuff. Neighborhood children will take care of both tasks. That's what I like about the summer.

New Position

ANDREW COWIE

Superintendent of E. & N. Railway, was yesterday unanimously elected chairman of industrial bureau of Victoria Chamber of Commerce.

Cowie Elected Chairman Of Bureau

Andrew Cowie, superintendent of the E. and N. Railway was yesterday unanimously elected as a new chairman of the industrial bureau of the Victoria Chamber of Commerce.

He succeeds W. C. Mearns, who retired after three years' service.

Vice-chairman elected by ballot was Gordon Roper, industrial supervisor of the B.C. Electric in Victoria and an active member of the Victoria senior and junior chambers of commerce. Mr. Roper beat another junior chamber man, Don Anderson on a vote.

Mr. Cowie who has been superintendent of the E. and N. for the past four years has been in C.P.R. employment for 32 years, starting as a boy of 14 at Windsor Station, Montreal. He was born in Aberdeen, Scotland and is a director of the Y.M.C.A.

Visits Show Increase At Institute

Four thousand seamen from all parts of the world visited the Victoria Connaught Seamen's Institute during 1951 from 120 deep-sea vessels that called at the port of Victoria during the year.

The total was an increase of 400 over the number of visitors in 1950.

Capt. G. R. Newell, port warden and harbor master, was re-elected chairman of the institute's managing committee at an annual meeting this week when the reports were read.

All the vessels on the list were supplied with books and magazines as required, and sick seamen were visited in hospital by the manager of the institute and provided with cigarettes and reading material.

Regular Sunday School classes are held in the main hall under the auspices of Christ Church Cathedral.

The summer rainy season in Korea results in only about one to three days of clear skies each month.

Drivers Warned To Observe Zones

Victoria motorists who fail to observe "stop when occupied" pedestrian zones will be asking for police court trouble, and a fine.

Three drivers appeared in city court yesterday morning on such a charge, and each was fined $5.

There was also a stern warning from Magistrate H. C. Hall to the persons who had passed through the pedestrian crossing at the intersection of Douglas and Topaz.

[illegible] area. It is necessary for many mothers, particularly, with their children, to cross the intersection at this point. There has been frequent difficulty by motor vehicles failing to observe that particular crossing . . . it is one of the most important in the city where great care is needed.

"I mention this now because I think, if it were drawn to the attention of the public, and drivers were aware of the circumstances, no further attention need be directed to it. If drivers understood the circumstances they would not lightly disregard that crossing sign."

Fined yesterday were William Cowan, Royal Oak; Raymond G. Heard, 1019 Cook Street; and [illegible] Road.

The London County Council, which controls only part of Greater London, is landlord for 130,000 houses and apartments.

Richardson Heads Union

W. Richardson was chosen president of Victoria Typographical Union No. 201 for 1952-3 at recent elections.

Other officers elected were J. D. Chapman, vice-president; H. Warren, secretary-treasurer; J. R. Begg, J. F. Hough, S. V. Jenkins, N. P. McConnell, executive committee.

N. P. McConnell and G. W. Gunniss were elected delegates to International Typographical convention. J. F. Hough, J. R. Begg, G. Gunniss and W. Richardson were named to the scale committee, newspapers; and J. D. Chapman, F. W. Fulton and N. P. McConnell will serve as scale committee to commercial offices.

The Victoria Typographical Union, founded in 1881, is affiliated with the International Typographical Union, which this year celebrates its 100th anniversary.

OAK BAY GARDEN WATERING

In an effort to cause the least inconvenience to home owners this summer, it has been decided to leave the matter of restrictions in garden watering up to the common sense of our ratepayers.

You are, therefore, forthwith, strongly requested to limit your watering to three days of your own choice per week, plus Sundays.

As fixed sprinkling systems are heavy users of water all at one time, it is most desirable that they should not be put into operation any day between the hours of 3 p.m. and 9 p.m., including Sundays.

If the above voluntary system is not observed, compulsory regulations will again have to be put in force, to the inconvenience of many concerned.

Senate Gives Approval To Kitimat Railway Line

OTTAWA, May 27 (CP)—A Senate committee today approved the provisions of a bill authorizing the Canadian National Railways to build a 46-mile railway line from Terrace to Kitimat.

The bill still requires approval of the Senate and Royal assent before the C.N.R. may go ahead with the $10,000,000 line. The Commons already has passed the measure.

The line will link the Aluminum Company of Canada's project at Kitimat with the C.N.R. line running from Edmonton to Prince Rupert, B.C.

A. W. Whitaker, vice-president and general manager of the Aluminum Company, told the committee today that the line will carry out the aluminum production and bring in petroleum coke and coal to be used in processing alumina from Jamaica into aluminum.

The company hopes to get 52,000 tons a year of petroleum coke from the Edmonton area where it is a by-product of oil refineries, although it probably will use petroleum coke from California during early operations.

Mr. Whitaker said the company is trying to persuade refining companies in the Edmonton area to produce more petroleum coke.

D. M. Mackay, director of the Indian Affairs Branch, said that damming the Nanika River to supply part of the power at Kitimat will not interfere with the livelihood of Indians in the area.

He was called to testify after Senator Thomas Reid (L.—British Columbia) charged that 307 Indians at Moricetown, B.C., would lose their fishing grounds.

The committee voted 8-6 in favor of not requiring the railway to fence the right-of-way on the Terrace-Kitimat line, an exception to general practice.

Oil Fire Damages Refinery

BURNABY, B.C., May 27 (BUP)—An oil-fed blaze wiped out 150 feet of the Shell Oil Company's $5,000,000 Shellburn refinery today causing damage estimated at $50,000.

The Vancouver fire boat played a large part in bringing the flames under control. Refinery workers were credited with halting the spread of flames as they braved intense heat to shut off valves on oil pipes leading to the huge refinery.

Two vessels, the tanker "Salinas" and the coaster "Western Shell" snapped their mooring lines four minutes after the fire broke out and escaped with only paint-blistered hulls.

Cause of the fire was not immediately determined, but refinery workers said it may have been touched off by a series of explosions beneath the dock which sent hundreds of barrels of gas and oil high into the air.

These drums split and thousands of gallons of explosive oil and gas spurted out over the water. Off-duty firemen and volunteers later patrolled the shore near the refinery to prevent a cigarette or match being tossed into the water. The tide later eliminated the hazard.

It was the third major fire on the Vancouver district waterfront within a month.

Oddities

VANCOUVER, May 27 (CP)—"Case dismissed," said Magistrate Mackenzie Matheson, freeing the first man to appear in Vancouver police court charged with stealing a train.

The charge against 27-year-old Jim McLeod read: "He unlawfully stole an interurban train, to a value of over $25, the property of British Columbia Electric Co., May 18."

He had intended to drive it the 12 miles from Vancouver to his home in New Westminster but was stopped after traveling 10 blocks.

Dugald McAlpine, Q.C., his counsel, said McLeod was drunk that night.

He argued that no actual theft occurred.

"The train was not removed from company tracks, nor was there any intention on the part of my client to remove it," he said.

"I do not approve of the snatching of trains," said the magistrate.

"However, I have no precedent on which to base a decision. Case dismissed."

EDMONTON, May 27 (CP).—City council Monday almost arrived at a decision to start legal machinery to have a building condemned. This would entail an appeal before a judge in Chambers.

Then council found the city owned the building.

Germans Reject Canadian Paper

BONN, May 27 (AP).—West German publishers have refused to accept delivery of 2,000 tons of newsprint from Canada because they can get cheaper Scandinavian paper, the economics ministry announced here today.

An emergency allocation of 2,000 tons of newsprint from Canada was granted West Germany last January to overcome an acute shortage. Price was $209 a ton.

[illegible] publishers obtained the needed paper from Scandinavian manufacturers at $155.

Snow, Frost On Prairies

WINNIPEG, May 27 (CP).—The western prairies got another taste of winter today as an abrupt change in the weather brought snow to central Manitoba and Saskatchewan and frost to parts of Alberta and Saskatchewan.

The cool air moved over the prairies in the wake of a slow-moving drizzle that brought some relief to parched grain fields Monday.

H. E. Wood of the Manitoba department of agriculture, said the rain would do some good to Manitoba crops.

The weather office said there was frost danger in Manitoba if there was an unexpected drop in the wind which permitted skies to clear.

Volume of Exports Continues To Reach New Highs in April

OTTAWA, May 27 (CP).—Canada's exports hit another high mark during April, jumping $50,000,000 to $350,600,000, pushed ahead mainly by a big boost in sales to the dollar-short United Kingdom.

The rise from last year's $300,000,000 increased total exports for the first four months of 1952 to a peak of $1,350,600,000, up from $1,119,400,000 in the same period last year, the Bureau of Statistics reported today.

Canada's climb in exports, achieved mostly by an increase in volume rather than in price, was scored in spite of the foot-and-mouth disease, which reduced livestock exports drastically and in spite of a tightening in import restrictions by Britain and other sterling countries.

With Canada's main cattle market in the United States blocked by the U.S. embargo, total exports to that country slipped to $184,018,000 during April from $186,061,000. Shipments in the four-month period were $735,681,000, compared with $724,609,000.

Exports to the U.K. climbed $30,000,000 during April to $71,300,000 from $41,822,000 and swelled to $226,985,000 during the four months, a jump of $71,500,000 from last year.

Newsprint was the leader among exports, with shipments during the month totaling $47,919,000; for the four months $187,837,000.

Wheat was close behind with $48,111,000 during April; $140,510,000 for the four months.

Eisenhower Welcomes Gen. Ridgway

PARIS, May 27 (AP)—Gen. Matthew Ridgway arrived in France today to take command of the North Atlantic defense forces, confident he can make a 14-country army in Europe work as well as the 16-country army in Korea.

General Eisenhower went to Orly air field to welcome his successor.

Ridgway was guarded along his route by 20,000 French police, posted to beat off threatened Communist demonstrations but only one minor incident developed.

Coal Men Warned On Prices

NIAGARA FALLS, Ont., May 27 (CP)—Coal dealers today got an admonition from Federal Mines Minister George Prudham to reduce prices.

Mr. Prudham delivered a hint of government regulation to prevent "business abuses" as he told the Canadian Retail Coal Association it must not charge "all that the traffic will bear."

The minister's speech, at the association's annual convention, [illegible] was aimed at getting retail dealers to narrow the price spread between what producers obtain for their coal and what consumers pay. While this was the first official statement on the point, it is known to have been under consideration in government quarters for some time.

To the dealers, Mr. Prudham said bluntly that the best way to preserve freedom of private initiative is for business and industry to give top priority to service to the community.

He added: "Should it become necessary for governments to impose a rigid set of rules upon an industry in order to prevent business abuses, we are apt to lose something infinitely more precious than any material advantages . . ."

Mr. Prudham also assured the coal men there will be a continued market for their fuel for a long time. On the other hand, there was no ground for complacency, he said.

"The coal industry," he said, "must continue to be prepared to meet competition from other fuel sources."

New Board Could Free Kurt Meyer

OTTAWA, May 27 (BUP)—A clemency board established by the new West Germany peace contract will have the power to free Nazi General Kurt Meyer from his life prison sentence.

Official sources in Ottawa have confirmed that Canada will be "required" to follow any unanimous recommendation made by the six-man body. The new Western German [illegible] have three votes on the board.

Canadian officials point out that Canada will be given a vote on the board if either of Canada's two war crimes prisoners, Meyer or Johann Neitz, come before it.

Both prisoners, convicted by Canadian military courts of war crimes, are held in a British-run prison at Werl, Germany.

Changes Progress at Koje Camp

KOJE, Korea, May 27 (CP)—American troops today jockeyed a ditch-digging machine around notorious compound 76 on this prison island, intending to root out any Communist prisoner tunnels.

The soldiers were making their trench eight feet deep, which would intercept tunnels at that depth and collapse others somewhat deeper.

"Operation Digger" was designed both to cut off escape tunnels to the outside and communication passages from the No. 76 Communist "headquarters" to other compounds [illegible]

During the week end troops had acted to break up the prisoners' surface communications—messages passed by tying them to an arrow or a stone, semaphore signals and the like.

An uneasy calm hung over the camp. Troops from Canada, Britain, the United States, The Netherlands and Greece awaited orders that would start them on the dangerous job of splitting up the compounds from the present unwieldy groups of 6,000 to more manageable units of about 500.

This is necessary to smash the iron grip of the Communist central committee, which has organized the prisoners from the inside, drilling them with sharpened tent-pole spears and condemning unwilling followers to death at kangaroo courts.

Meanwhile, tough P.O.W.s in compound 95—scene of April 10 rioting—were reported today ready to come to terms with Gen. Haydon L. Boatner.

Red leaders of the 6,000 P.O.W.s in 95 told the new commander of this U.N. No. 1 prison camp they were ready to obey his orders. But they asked to meet with him to discuss demands.

Home Building Priced Out of Reach

ALTHOUGH the need for housing may not be as acute today as it was a few years ago, there is still a marked shortage of single-family dwellings and apartment accommodation, especially in the low cost and low rental ranges. For all that, the Dominion totals of new residential construction continue to decline, despite the fact that little difficulty is felt now in securing materials formerly in short supply. That this is due to the continuing rise in the cost of building is beyond question. Even with salaries and wages the highest in history, it is becoming ever more difficult—in many cases impossible—for those with average incomes to buy or build homes.

Some hard facts stated by Mr. D. B. Mansur, president of Central Mortgage and Housing Corporation, bear this out. There has been a $2,000 increase, he says, in the cost of building a house which could have been completed for $7,000 only 18 months ago. According to Mr. Mansur it is now almost impossible for anyone earning less than $64 a week to own such a modest dwelling. Similarly in the rental field the situation grows steadily more difficult. Mr Mansur says that a serviced four-room apartment unit cannot be built now to rent for less than $85 a month. Since it is economically unsound to apportion more than 25% of income to rent, this means that only those earning $85 a week or more can afford to occupy an apartment of the type mentioned by Mr. Mansur.

Added to the problem of stretching current income even at high levels to include all the commitments involved in home ownership, there is the nagging worry in the minds of many people that this may be the peak; that their earnings soon may begin to drop, perhaps to a level where it would be hard or impossible to meet payments on homes worth on the market considerably less than the cost of building them today.

This is a situation to give deep concern to the construction industry as a whole. It is of small worth to the many unions affected if in their recurrent demands for large wage increases they succeed in pricing a big proportion of their membership out of jobs. The contractors too, if they want to stay in business, should note the hesitancy to build at present prices, and do everything they can to bring ownership of new homes within the reach of those needing them.

A Gallant Son

THE award that has come the way of Sergeant Richard Buxton for gallantry in the Korean campaign, the Distinguished Conduct Medal, is one that brings honor to the service family to which he belongs. For the N.C.O. and ordinary soldier the D.C.M. is next in line to the V.C.—the George Cross being of a somewhat different status—and it is not easily won.

There are two kinds of D.C.M. awards, one where the decoration seeks a recipient and one where the deed itself compels the decoration. The former is not to be belittled but the latter is the more meritorious and it is in this category that the award to Sergeant Buxton lies. His is an immediate award in the field in recognition of "determination, personal courage and tactical skill," allied to leadership that inspired those under his command.

It is a proud moment for any soldier to be cited in terms like these, and Sergeant Buxton has proved himself to be fully worthy of the ribbon that will shine brightly beneath his paratrooper's wings. All Victoria will be pleased and happy to congratulate the family that has produced so gallant a son.

Rail Revision Long Overdue

REVISION of the capital structure of the Canadian National Railways, talked of in parliamentary circles at Ottawa, no doubt will be introduced by the government at this session. The need for such an overhaul has been self-evident for more than 20 years. The basis of any adjustment proposed will be the crux of the argument. It has long been anomalous that the C.N.R. debt, which is wholly government guaranteed, should have been left to pile up into the veritable mountain that it is; and still stranger that on top of this structure freight rate and other tariffs should have been set, revised and continually boosted so that the road might show a book profit. How much of the C.N.R. debt is railway borrowings, and how much the incubus from old governmental policies which arose at the time of the nation-wide rail consolidation long years ago remains the principal question, and probably the most contentious one. Certainly at the reported capitalization of $2,300,000,000 the government-owned railway is not likely to become a very paying concern in the visible future. One would have thought more of the manoeuvre if the capital revision had come before freight rates adjustments and not now, when the rates have been set sky-high.

Unduly Sensitive

PERHAPS distaste for any association with the troubled Koje Island prison camp is behind the protest, but surely the external affairs department is straining at sovereignty in objecting to the employment there of a Canadian paratroop company. Having committed a brigade to the services of the United Nations in Korea certain obligations are inescapable.

It would be an impossible role for a U.N. commander with troops of a dozen different nations in his forces if he had to secure national consent every time he wanted to send a company here or there for some special task. No general could operate adequately under such conditions, and the efficient use of his forces would be seriously hampered.

It is understandable that on higher levels of policy Canada should keep an eye on the welfare of its brigade and in general desire that this formation should not be split up. Circumstances dictate certain temporary measures, however, and it seems somewhat petty to object to the assignment in question. Someone has to provide the guard for the Koje Island camp and it can do no harm that Canada takes a turn, even without prior notice to Ottawa.

BURNT-OUT VETERANS

Sir,—I heartily agree with a letter written by one of your correspondents recently, when she said the means test should have been removed from burnt-out veterans even before it was taken from the old-age group. It is deplorable that it should have been applied in the first place.

Why the word "needy" should ever come into the picture in connection with a burnt-out veteran is more than I can fathom. If a man has, by his service to his country, lost 10 years of his life, he is at 60 on a par with an old-age pensioner of 70. Therefore the means test, one would think, would be automatically removed. For heaven's sake let us cut out the time-and-money-wasting niggling and give them a pension at 60 and be done with it. Do away with an army of "snoopers." That ought to help some.

I speak for the man who has been industrious and thrifty. He has worked every hour possible with the thought in mind that he could save a few dollars against the time when he could no longer take his place in the labor market, and with the help of the burnt-out pension would be able to carry on with a certain degree of comfort for the short time he has to stay. However if he has frittered away his money, as many have done, with nothing to show for it he is in line for a pension because he is needy. A good many more of us might easily have been needy but for our pride, and those who are needy through no fault of their own will no doubt feel that it savors too much of charity. Why should a veteran, of all people, have his pockets turned inside out?

No matter how hard a veteran has worked, handicapped by wounds and sickness, he can't have saved a great deal; certainly not enough to live on. If he has scraped a few dollars together make no mistake about it, he got it the hard way and should be commended rather than penalized. He should certainly be allowed to enjoy it. There may be a few would get the pension who really didn't need it, but very few, I think.

I wish it were possible for those who are handling this allowance, or burnt-out pension, to realize what the boys went through and how its hurts to be handied around in this way. I'm sure if they did realize they wouldn't tolerate for a minute the means test.

POINT ELLICE BRIDGE

Sir,—Once again I see Point Ellice Bridge is in the news. I have written before on this and also stated how this hazard could be removed—by suspension cables placed in the proper place.

I did, a year ago, visit the city engineer and showed him my plan, and he seemed very interested in what I had to say. I am a qualified rigger and engineer myself. I would gladly do a job for the people of Victoria. Plans for a new bridge are very nice, but they don't suspend much load on paper. So let us get a first-aid job going before it is too late to place cables on a twisted mass, to lift it out.

LIQUOR PLEBISCITE

Sir,—Will someone please enlighten me in regard to the coming plebiscite re the sale of intoxicants. If we vote to change the law as it is now, does that mean that the government will sell only to the hotels and restaurants which are licensed, and not to the individual? Unless they do this there would be no object in changing the law, as the government would be acting as a wholesaler and retailer both.

Thinking Aloud

"... of shoes—and ships—and sealing wax—of cabbages and kings."

By TOM TAYLOR

A WHIMSICAL leader on this page not long ago wondered why on earth men's trousers should be turned up at the bottom. Now I'm wondering that myself.

The writer thereof was strictly accurate when he termed these turn-ups as dust and weed-catchers, which assuredly they are, especially if you are mowing the lawn. Enough compost material then finds its way into each trouser leg to grow tulips, and fancy a man going round with tulips sprouting at his ankles.

A silly idea that, but really not much sillier than the turn-up fad.

* * *

Frankly I never thought so until I read the leader in question. Not for a minute had I ever questioned the fashion that decreed the double cuff on male pants. In fact on the odd occasion when I donned turnupless trousers I felt rather bereft, which simply shows what a slave to fashion the male can become.

Consider masculine evening wear, tux or tails. There's no double cuff here, yet nary a man would turn up his trouser leg when thus dressed to kill—merely because it isn't done. Nor does he feel then that anything is missing.

Great minds think alike, as you know—not meaning mine of course—but simultaneously with this subject being raised in the Colonist some people across the Atlantic were similarly exercised. One man said a sarcastic mouthful, if I may so express it in the vernacular.

He called for a statue for the great unknown—the person, whoever he is, who invented the turned-up trouser. And why? Because, he said, no philosopher, dictator, hero or statesman—indeed no one in history—had ever set an example so long and so fervedly followed by so many millions across the world.

How true.

* * *

The editor of The Outfitter, which I presume is a haberdashery journal, came along to say their records showed that the first big change in trouser styling was around 1898 when some Cambridge undergraduates turned up the bottom of their trousers to show off their colored socks. After that it was no time at all until the turn-up was permanent.

You see what colored socks can do.

Possibly this is why blue-jeaned coeds put a six-inch turn-up on their trouser legs, a form of feminine attire that has its practical points albeit sometimes it seems a pity girls should tire so easily of looking like girls.

Incidentally the Outfitter chap says that the fashion of creasing trousers down the front was started by King Edward VII, creases being at the sides up till then. I was too young to remember this sartorial revolution although no doubt I could verify it in the old family album or by paying a visit to the provincial archives, and I don't mean to be unkind, but creases down the sides! My, but men must have looked funny in those days, especially bow-legged men. I'm glad I wore short pants then.

* * *

Why, that would be even worse than the turn-up, but if there is to be any serious move afoot to eliminate the grass-catcher I won't mind if they throw in a ban against creases of any kind. Imagine what a godsend it would be if one could be as baggy at the knee as one liked and never a soul to look askance.

Which makes me wonder where those things they called Oxford bags went to, they were superb examples of what I mean. Apparently the male didn't have the intestinal fortitude to know when he was well off. Just as he doesn't know now how to rid himself of double cuffs at his lower ends.

What fools we brave men be.

Gerald Waring

Reports From Ottawa

ALTHOUGH many Canadians deplore the intention of Prime Minister Malan of South Africa to use his parliamentary majority to override the courts, few realize how close Canada came recently to experiencing much the same sort of thing.

On February 16, 1951, Justice Minister Garson told the Commons that if the government lost its appeal to the Privy Council against a Supreme Court judgment awarding damages to Chicago grain merchant Jeremiah J. Nolan, it would pay Nolan. But it would also ask Parliament to outlaw the similar claims of others against the wheat board and the government.

Luckily for Garson—who only three years ago piloted legislation through Parliament which abolished appeals to the Privy Council—the Privy Council upset the judgment of the Supreme Court. Now Nolan gets nothing.

The Privy Council had jurisdiction in the case, despite the abolition of those appeals to London which Garson once termed "badges of colonialism", because the abolition legislation didn't affect cases which were in progress when the Supreme Court was made supreme.

The Privy Council's decision was thus supremely ironical—and supremely fortunate in that it halted Garson's plans to ask Parliament to pass retroactive law, which is basically bad law, in an effort to wipe out the rights of some citizens which the Supreme Court judgment had established.

THE biggest concerted effort ever made to develop an enlightened policy towards Eskimo problems was begun here this week.

Representatives of eight branches of the federal government, the Hudson's Bay Company and the churches of England and Rome met to lay the framework for a new policy.

The very fact that not one of the 56 men and women present was an Eskimo is in itself the strongest possible indictment of the old policy. Canada has 8,500 Eskimo citizens—technically all wards of the Crown. Yet no one was considered sufficiently advanced from the culture of the Stone Age to make it worth while to bring him to Ottawa so he could discuss his people's problems with representatives of church, state and commerce.

Part of the Eskimo's problem is economic. The advance of civilization into the Arctic has reduced the amount of natural food, like caribou, on which the Eskimo has subsisted for 10,000 years.

When fur prices are good the Eskimos earn enough trapping foxes to augment their natural food diet with white man's food. But the price of fox pelts dropped to $3.50 this year, while the cost of the things the Eskimos buy remained high. The natives were caught in an inflationary squeeze, just like the rest of us.

* * *

Family allowances and old-age pensions help, but they're a mixed blessing. Arctic experts report that government handouts tend to destroy the natives' morale and independence, and encourage them to hang around the trading posts instead of hunting.

What's needed is an entirely new approach aimed at making the natives self-supporting again. That raises many questions. For example, should the Eskimos be encouraged only to be hunters and trappers? Or should they be trained to take their places in civilization as it spreads northwards, as laborers, mechanics, wireless operators, carpenters, fishermen and even soldiers and airmen?

From searching questions like these may come firm decisions which will help these original Canadians solve the problems which civilization is thrusting upon them.

Power and Authority

(From The Winnipeg Free Press)

FOR the better part of a century, certainly ever since Lord Acton put the thought into words, it has been generally conceded that power is an evil which should be held within as narrow bounds as possible.

Lord Acton observed that "power tends to corrupt and absolute power corrupts absolutely."

This belief has lately been challenged by Lord Radcliffe in the Reith lectures which he recently delivered and which are now published (Becker and Warburg). Far from being critical of power, Lord Radcliffe approves of it. "Most men," he said, "are the better, not the worse, for having authority." His thesis has been sufficiently challenging to evoke protests from various distinguished scholars and historians.

A significant review of Lord Radcliffe's lectures, written by Michael Oakeshott, professor of political science at London University, makes a very interesting point. Great power, writes Professor Oakeshott, is something to be suspicious of. "I think," he goes on, "Lord Radcliffe's suspicions would have been greater if there were not at some points in his argument a confusion between power and authority. For authority is authorized (that is, defined) power; and whereas it may easily be true that most men are the better, not the worse for having authority, the same is not necessarily true of mere power.

"In particular," says Prof. Oakeshott, "we are right to be nervous about political power."

The exercise of power is insatiable; Power inevitably is abused. The poet Blake wrote truly in the lines:

"The strongest poison ever known
Came from Caesar's laurel-crown."

An Aberdonian, living alone, had an early morning train to catch. Being a heavy sleeper, he was afraid he would not wake up in time. Several possibilities presented themselves, but every one meant a tip.

In the end he addressed an envelope to himself and posted it without a stamp.

Early next morning there came a thunderous knock on the door. The Scot climbed out of bed and opened the window.

"Here's a letter for you," called the postman. "Five cents to pay."

"Tak' it back," commanded the Aberdonian. "Carelessness like that doesn't deserve to be encouraged."

The Packsack

Of GREGORY CLARK

THE medicine chest in the bathroom is the miniature of a man's house. You do not discover this to be so until you have to move after several years' vegetating in one spot.

Nothing is harder to clear out than a medicine chest. No matter how many times a house is spring-cleaned, the medicine chest still survives, with its shelves stacked with old bottles half full of cough mixture, tonics and prescriptions, the original use of which has long been forgotten. Up on the top shelf are partly full bottles of lotions, shampoos, beauty aids which were bought in high hopes. But even when the hopes failed, years ago, nobody had the strength of character to chuck the remains out.

The second shelf is more active than the top shelf. There you find, always hidden behind one another, the bottles of liver pills, the aspirin, the gargles and the iodine which at intervals are called into play. But even there you will usually find two bottles of any of these utilities, one of which has been forgotten, and both partly full. The bottom shelf is what you might call the current file of the medicine chest—here repose the tooth powder, the razor, the shaving soap, the chin lotion, the lipstick and the newest and latest of the beauty aids which in due time will seek a place amid the remnants on the top shelf.

Who has the courage to step up to a medicine chest and go at it with a brave hand? Nobody. At spring cleaning time, maybe a few oddments lose their place. But they are the ones that have dried up.

It is only when moving day comes that the medicine chest shares the fate of the whole house. And then the likeness between a house and medicine chest becomes manifest. For the top shelf and the attic are as one; the second floor and the second shelf, the main floor and the bottom shelf reveal the fundamental cowardice of human nature in the presence of chattels.

Automatic Navigation

(From the Society of British Aircraft Constructors)

IN a few weeks, a pilot of one of British Overseas Airways Corporation's Comet jet airliners will fly seven miles high over Europe and Africa to test an additional navigation aid which will show him, on a small clock-face, the exact distance and bearing of his next port of call. If the tests are successful, the aid will be adopted on all B.O.A.C.'s Comets.

The aid, the Murphy Distance Measuring Equipment, is a small airborne electronic device which makes contact with airfield ground beacons along the route.

It is a development of a wartime device used by secret agents, who planted electronic beacons to guide our aircraft on to enemy targets. The new equipment has nearly double the range of the wartime model and weighs considerably less.

Signals from the aircraft are picked up by the beacon and an automatic "reply" radioed back. The equipment in the aircraft measures the time this high-frequency reply takes to travel, and automatically registers on a dial the distance it must have come, and its bearing. It is accurate to half a mile or less.

DME is believed to be the ideal letdown aid for jet aircraft, which have to stay high up at their economical altitude for as much of the journey as possible. DME has a range up to 200 miles, which means that 20 minutes from the airfield, the Comet pilot can switch it on and instantly get an accurate and continuous record of distance and direction to go.

He will then be able to make an accurate calculation of the best possible path of descent, after taking windspeed into account, so that he will come in to land without burning up unnecessary fuel by flying at low altitude.

In the future, the equipment will probably be an international requirement for all jet aircraft, but most of the present ground beacons have had to be allocated especially for this Comet service. Much of it has been modified from wartime developments, and in some cases the Comet will use existing Royal Air Force beacons on overseas airfields.

An improved type of ground beacon designed by Murphy operates automatically with only a routine inspection once a week. It has an automatic monitor which continuously checks its accuracy, and an emergency unit which takes over in case of failure.

EUROPEAN DIARY

By H. T. Matson

LONDON, May 11 (By Mail).—B.C. House is closed for the Sabbath and through the dingy mesh of the curtains in No. 33 (Polish Corridor) can be seen the dingy row of opposite mesh, windows, sooty brick and cornices of the typical side-by-side dwellings that once were quite fashionable "West End" homes, but today exist mostly as "lodgings" or small made-over-type hotels, throughout London.

This side of the Thames, miles upon miles of these sturdy but rather characterless abodes line the Cromwell Road, the Fulham Road, the Brompton Road, Earls Court, Barons Court, the Chelsea district, etc., and then you go over beyond Oxford Street for thousands more of them, and thence to Baker Street and Marylebone and Finchly Road and St. John's Wood for more . . . countlessly.

Nearly all are grimed and sooty; the people occupying them are mostly nice but humdrum; occasional billets have phones and running water, but plenty are phoneless and still stick to the old dump-into-a-bucket washbasins, with "skivvies" that lug tall hot-water jugs and "morning tea" up 10 flights of grubby darksome stairway.

* * *

Speaking of skivvies . . . it's perhaps from this and other formerly rather brow-beaten British serving-categories that one gets the full, sharp feel of socialism in the U.K., 1952. No longer does the skivvy cringe, plump to the hot place she'll direct you if what you ask her lacks in immediate appeal; and so will prinkey little waitresses should your nose twitch ever so meekly over an appalling cup of coffee; and unless you look good for a five-bob tip the average taxi driver'll yawn flat in your face and growl, "Naw, govvinner. Too blinkin' far."

But where you're really damaged by the "modern trend" is around railroad stations, post offices—anything under government ownership—where boys and girls supposedly are being paid to at least stare at anybody who might enter, yet deliberately ignore you; and should anybody dare separate his trembling lips in query the chances are the entire staff (directors included) would pounce in a body for an immediate killing.

Seriously, the rudeness of this breed is unpleasant and unnecessary. Emancipation is excellent; but such stupidity merely stigmatises and retards it.

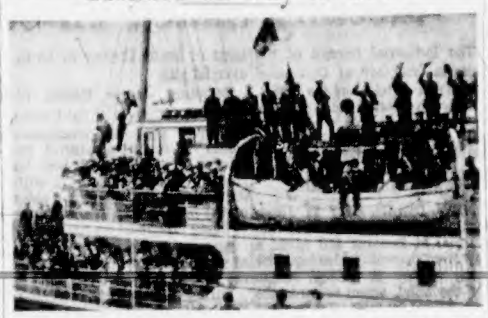
* * *

Here's something that should raise the ego of all Canadians by at least 90 degrees Centigrade. On the front page of the Daily Mail recently shone evidence that though regrettably through a felon the Canadian accent is now a recognized and recognizable noise in the United Kingdom. In other words, Canadians are no longer to be mistaken for Chinese, Zulus, Russians, Patagonians or even Americans. The story, as you'll now witness, is self-explanatory.

Caption . . . THUG ATTACKS MAN OF 60 IN TRAIN . . . story begins . . . Mr. George F. Cattermole, 60, traveling home to Redhill on the 11.15 train from Victoria (station, not B.C.) was attacked by a young man WITH A CANADIAN ACCENT who attempted to strangle him and demanded money . . . etc., etc. . . . All right . . . and naturally nobody, even a young man with a Canadian accent, is going to all the risk and trouble of attacking nice old Mr. Cattermole unless there's money in it . . . Oh, I know, we're seeming to defend our Canadian thug . . . and why not . . . anybody sparking such excellent publicity for the Canadian accent should be immortalized . . . or, have you forgotten how in pre-war days London's young bloods were wont to comment down their slightly supercilious noses, "Oh, er; you're an Amerric'n, aren't you?" and then when told, "NO. A Canadian," they'd rub it in thoroughly with, "OH, yes. Same thing though . . . isn't it?"

(I'd like a dime for every time that happened between the First World War and the Second World War to self and a fair number of other Canadians!)

Soldiers on Way to War



Advance party of the first troops to leave Victoria for training at Valcartier, Que., during early part of First World War are shown here on old C.P.R. ship Sophia. These troops were later formed into units of First Canadian Division, survivors of which will meet May 30 at Red Chevron reunion in Lougheed's Banquet Hall.

Careful Program Sought on Use of Insecticides

The commissioner of British Columbia's game department, J. G. Cunningham, yesterday sided with the Audubon Society in its endless conservation campaign for the preservation of North American wildlife.

The society was seeking a careful program on the use of DDT and other insecticides "75 to 100 times" more powerful and also urging motorists not to kill game on the roads of this province—one of the last wild game habitats in the world.

It described terrific losses to birdlife through use of the insecticides and urged use of the killers before and after nesting season to cut down on the toll.

The commissioner said biologists had never come out flatly and charged DDT with the killing of "the birds in which we are interested — the uplands pheasant."

But he said reduction in the number of pheasants in this province had coincided with the use of DDT and "one thing we are sure of is the fact that DDT kills insects on which young pheasant feed.

"Without the source of food supply the young pheasants cannot survive," he pointed out.

He also endorsed the stand of the Audubon people on "giving the animals a break."

He said a total of 27 deer "injured or dead" had been found on the roads by Game Warden D. D. Ellis of Kelowna this spring. The animals had been struck by speeding cars.

He advised motorists to "use a little brake pressure" and to sound horns especially when traveling through deer wintering grounds.

The game commissioner praised the provincial works department for putting up warning signs in game areas at the petition of game clubs throughout the province.

and other wildlife was charged in the Audubon letter through the use of DDT and kindred insect killers.

What do you know about eating?

Know you'd be better off eating 5 times a day? Is it smarter to tap the bone for a raise before—or after—lunch? Will a bedtime snack aid or hinder sleep? Are some foods sex stimulants?

In June Reader's Digest, Judith Chase Churchill tells what experts now know about you and eating.

Red Chevron Gathering

Veterans of First War To Hold Reunion Here

Men who marched down Victoria's streets 38 years ago on their way to war will meet at a reunion May 30, at the Red Chevron Association's semi-annual gathering.

They will include members of the units that became Canada's First Division, as well as veterans of Britain's famous "Old Contemptibles."

Col. H. C. Greer, president of the local branch of the association, is in charge of arrangements for the reunion, which will be held in Lougheed's banquet hall, at 7 p.m., May 30.

Close to 100 veterans are expected to attend the gathering.

Association secretary J. Leatham has made a plea to veterans to register as soon as possible for tickets to the banquet, so that suitable entertainment and other arrangements can be completed.

Mr. Leatham can be contacted at 195 Olive Street; Garden 1721.

Painting Begun Of Centre Line

Painting was started yesterday of a centre white line on the newly-paved portion of the Victoria-Patricia Bay highway.

The work began from below Saanich health centre towards Keating garage.

Provincial government crews yesterday also were widening and paving curved corners from the new highway onto Glanford Avenue.

Discrimination Discussed

Racial and religious discrimination was the subject of a panel discussion held by a group of University of Washington students who were guests at the Kiwanis Club luncheon meeting yesterday.

Taking part were Miss Marilyn Ridgeway, F. J. Johnson, and George Kawaguchi. Dominic La Russo served as director of the program. They are members of a 12-member "Panel of Americans" associated with the Washington university.

In opening the discussion, Miss Ridgeway pointed out "you can't solve any problem without first obtaining all the relative facts, figures and phases."

"Equality of opportunity is a fundamental within our democratic way of life," Miss Ridgeway stated, "yet in our own countries (the United States and Canada) we find glaring examples of discrimination."

"Thousands of lives are being lost in Korea where the United Nations is fighting in the interests of democracy . . . but they are fighting for some things that are not even applied here at home," she continued.

Mr. Kawaguchi thought the problem of racial and religious intolerance and discrimination could be solved through a program of mass communication. He made special mention of the value of newspapers in such a program.

Mr. Johnson recalled the warning offered by Abraham Lincoln many years ago to the effect that a house divided against itself can not hold together very long.

"The solution to the racial and religious discrimination problem lies in reason," he maintained. "It is the complete lack of reason that causes us to engage in the practice of prejudice and discrimination."

He suggested legislation as a means to overcome the problem.

INSIST ON HOSPITAL INSURANCE *Without Compulsion*

The Progressive Conservative Plan for Hospital Insurance will succeed because the foundation on which it will be built has been proved sound. It will:

(1) Eliminate Compulsion, the need for policing and Government monopoly.

(2) Free hospital management from the dictation and interference of government planners.

(3) Make Hospital Insurance available to all the people of the province under a sound plan

(4) Provide free hospital care to old-age pensioners, the indigent, social assistance cases and all others entitled to it.

Revised Police Estimates Approved

Victoria's police commission yesterday put its stamp of approval on revised 1952 estimates which since April 30 have been pared down to an even $400,000.

The budget does not allow for vehicles for the department during the year. The clothing estimate has been reduced $400 to $10,555.

No reductions were made in general administration salaries, but salary cost for the protective service suffered a $5,098 slash down to $272,022. Salaries in the crime investigation branch were cut by $860 down to $42,289.

In the auxiliary services, that phase listed as public relations was reduced by $675 to $125.

BUDGET REVISIONS

Budget revisions, as compared with figures proposed April 30, are:

General administration, from $31,401.72 to $30,901.72; protective service, from $306,231.95 to $298,506.68; crime investigation, from $46,319.84 to $45,459.68; signal (radio) system, $1,200 (no reduction); buildings, from $16,906.92 to $14,706.92; detention and custody of prisoners, from $6,650 to $6,450; auxiliary services, from $3,800 to $2,775. Law enforcement, $18,542.56, with no reduction.

Meanwhile efforts will be made to hasten issuance of summer uniforms for city police. Mayor Claude Harrison, chairman of the commission, said a special meeting of the city council could be called at short notice for the calling of tenders, with submission to the city council following immediately.

City policemen have been given a choice of having either summer or winter uniform this year, and police union president Const. Joseph Barlow reported a large majority of the men preferred getting the lighter, summer clothing.

The commission accepted the resignations of Constables William Knowles and Leslie Mottershead—both leaving for the R.C.A.F.

Police Chief John Blackstock indicated men leaving the department would not be replaced. In answer to questions by commissioner Reeni Murdock, he said a reorganization within certain departments would be necessary.

Protection of life and property would, of course, receive immediate attention, but non-essential services might not get such rapid attention as they had in the past, he added.

INSECURE PREMISES

Chief Blackstock also told the commissioners of an increased number of cases of insecure business premises.

Over the past year, he summarized, work handled by the city police department has practically doubled.

The commission agreed that policemen should get time off for time spent serving as witnesses at either the assize or county courts, if time so spent is in addition to their regular working shift.

The commission also learned that city policemen were considering assisting in their own time city firemen who were canvassing city homes in an effort to continue operation of the Yates Street Fire Hall. Mayor Harrison advised the policemen to remain separate from the firemen, "but, course, it is entirely up to you."

Meeting Slated on Sooke Harbor Scheme

The industrial bureau of the Victoria Chamber of Commerce is to meet officials of the C.N.R. Friday to discuss the development of Sooke Harbor as an industrial site.

Secretary James Davies reported to members of the bureau yesterday that the conference would be on the natural resources of the district, and he pointed out that the C.N.R. with its track running along two sides of the harbor was in the nature of being an expert on the area.

Andrew Cowle, new chairman of the bureau, will preside over the meeting.

Earlier the retiring chairman, W. C. Mearns, said he considered Sooke to be an ideal industrial development spot—as a long range proposition.

GOOD POINTS

"Sooke Harbor has many good points," said Mr. Mearns. "It has power, water, good wharfing space, access to rail and sea transportation, and a good anchorage. It certainly requires dredging at point of access but the task does not look insuperable."

Mr. Mearns stated that his bureau had also considered Saanich as a suitable spot for setting up an auxiliary industrial area to Victoria Harbor, but he considered that this was less adaptable than Sooke for heavy industry.

He said, however, that the bureau in co-operation with the Saanich Chamber of Commerce was interested in securing more water for the peninsula, which would be a considerable help to agriculture and light industry.

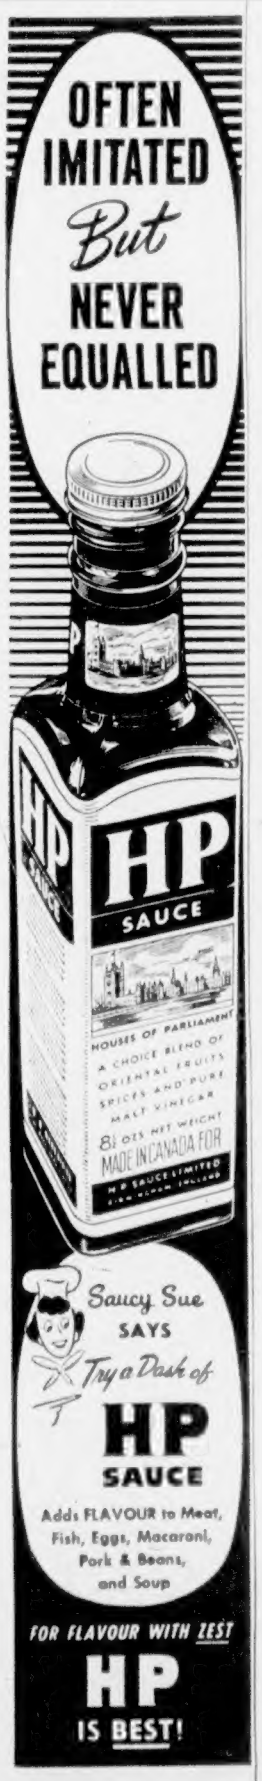
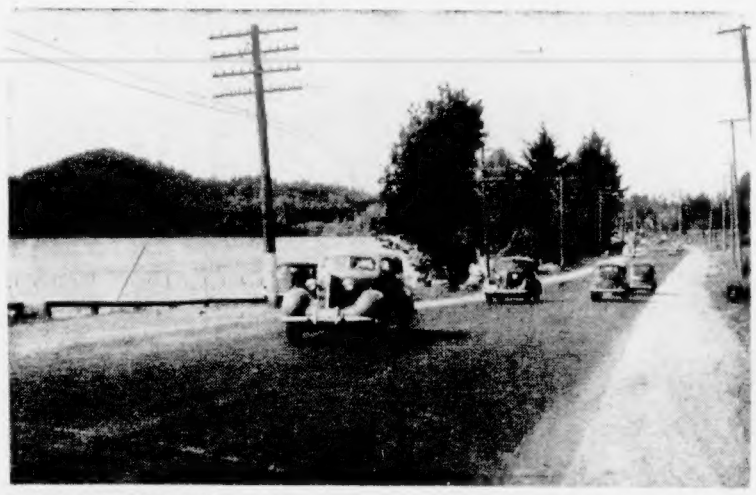
Blind Man Rescues Boy From Drowning

NEW DELHI, May 27 (Reuters).—A blind man jumped into a canal at Benares and saved a boy from drowning Monday. The man, teacher at a local school for the blind, swam towards the boy, guided by cries, and brought him ashore.



IT'S AMAZING—

....the progress we've made in B.C.



NEW HIGHWAYS. Total operating and capital expenditures by the Provincial Government this year will amount to $186 million . . . an astonishing example to old-timers of how the country has developed. $30,200,000 . . . a lot more than the total budget 20 years ago . . . will be spent for highways, roads and bridges to help speed B.C.'s development. The picture above shows a section of the new Pat Bay highway at Elk Lake.

NEW SCHOOLS. Fastest growing area in Canada, B.C.'s population has jumped 42% in the past 10 years. This influx of people creates markets to attract new business and provides manpower for expanding industries . . . but it brings problems. One is the matter of new schools. Many, like View Royal, above, have been completed. This year, $10,000,000 will be spent on others. The Department of Health and Welfare has budgeted $31,440,550 to bring British Columbians the finest of welfare and health programs in Canada.

NEW RAILROAD. To further the great development taking place in B.C.'s hinterland the P.G.E. Railway extension to Prince George will be completed this year . . . a $13,000,000 project long awaited, which is expected to give great impetus to the economy of the northland.

NEW BUSES. A striking example of progress in public service is the transit system in the areas served by the B.C. Electric, with 785 vehicles against 499 in 1945 (in Victoria, 110 modern vehicles now, against 49 in 1945) providing many more miles of service over more routes on modernized systems.

A PREDICTION THAT PAID OFF—At the war end B.C. Electric embarked on a large-scale campaign to attract industry here to take up the slack when war work ceased. The story of our attractions for industry was published in leading publications throughout Canada, U.S.A. and abroad.

We are glad that we were able to play a part in laying the foundations for today's development.

INDUSTRY'S TAXES HELP FINANCE PROGRESS

The contributions of expanding business provide a healthy slice of the money available to government for public expenditure. The B.C. Electric last year set aside for taxes and fees to local, provincial and national governments over $7.5 million, over and above sales taxes and customs duties on materials purchased. Out of every dollar paid to the company for its services, 16c was required by government to be spent on behalf of the public.

Grain Prices

WINNIPEG, May 27 (CP) — Most coarse grain prices closed higher today with some improvement in commercial demand over opening trade.

Oats and barley brought shipping orders and export purchases. American interests bought rye.

Offerings were well taken with the exception of flax which showed a light tone. Trading was moderately active.

Prices of class two and I.W.A. wheat were down one-quarter cent.

President Pleased At Opener

Wally Thompson, president of the Victoria Amateur Baseball Association, is one of the happiest men in Victoria today.

Last night Thompson realized one of his most cherished dreams as Farmer's Construction shutout Oak Bay Oaks, 7-0, behind the two-hit pitching of southpaw Bill Garner in the opening game of the 1952 senior amateur baseball league season at Royal Athletic Park.

Thompson was pleased with the teams' performances and not at all dismayed by the rather poor turnout—an estimated 200 fans.

"As long as the teams come up with the calibre of ball displayed last night, we are not worried about the turnstiles. The play will improve throughout the season and the league will provide top-flight entertainment," he said.

Although the average age of both clubs was around 18 years the ballplayers handled themselves like veterans and no one went home disappointed.

Garner struck out 11 and walked four in registering the shutout. The only two base blows off him were singles by Ken Cooper in the first and Jack Harding in the third.

Frank Graham, who was charged with the loss, was tagged for six hits, but walked seven and was hurt by loose defensive play.

Eagles tangle with Chinooks at Royal Athletic Park Friday night at 6.30 in the next regular league fixture.

City Senior Amateur Baseball Season Opens

Victoria's Senior Amateur Baseball League opened its 1952 season at Royal Athletic Park last night before approximately 200 fans. Officials, managers and several players gathered at home plate before game. Shown above, from left to right, are umpire Pat Tyrell, Art Dawe, manager of Oak Bay; Jack Hardy and Frank Graham of Oak Bay; Wally Thompson, president of Victoria Amateur Baseball Association; Ronnie Martin and Lowell Hodges of Farmer's Construction; Ed Ash, manager of Farmer's; and umpire Gordy Perkins. Tyees Continue Clutch Play As Lorino Stops Tribe, 5-2

Victoria Tyees, as always at their best offensively and defensively in the clutches, came up with another fine display at Spokane last night and extended their W.I.L. lead to three and a half games by trimming the Indians, 5-2, in the first game of a crucial three-game series.

It was the seventh straight victory for the Islanders, who now are assured of leaving Spokane tomorrow night as least a game and a half in front and are bolstered by the knowledge that the Indians will have to face southpaw Cal McIrvin, gunning for his sixth straight victory tonight.

SEVENTH FOR BEN

Ben Lorino continued the left-handed saga of the amazing Victorians last night as he went the route for the seventh straight time to record his seventh victory in nine decisions.

Lorino, a trifle wild at times, received some timely defensive help from his teammates. The Tyees rattled off three key double plays and manager Cece Garriott tossed out a runner at second base after backing up an outfield play. The Victoria club was charged with two harmless errors but their defensive play was sharp when it counted.

SPEED PAYS OFF

It was the same offensively. Garriott had his hustlers running and their forcing play was mainly responsible for the three errors charged to the smooth-fielding Indians. The Tyees had two men cut down stealing and two tossed out from the outfield but their base-path daring paid off. They pilfered three bags, running their total to 14 for the last six games, and speed figured largely in the four-run third which won the game.

The winning rally, manufactured off Dick Bishop, tough, knuckleballing right hander, started after two were out. Jim Clark singled, promptly stole second base for the second time, and scored, sliding, on Bob Moniz' short single to right. Garriott walked and Don Pries was hit by a pitched ball to load the bags. Granny Gladstone singled and Garriott raced in behind Moniz for the third run while Pries made third sliding as the outfield throw was cut off. He scored the fourth run when John Treece' ground ball was booted.

A double by Moniz and a single by Pries accounted for the other run.

MISSES NO-HITTER

Other league action was featured by a near no-hitter by Charlie Oubre, on option to Wenatchee from Oakland. The hard-throwing southpaw was two outs away when Sal Toarmina tripled. He scored a one-hit, 5-0, victory over the Yakima Bears.

Further good news for the Tyees came from Lewiston, where the Bronces edged Vancouver Capilanos, 3-2. The loss dropped the Caps five and a half games behind Victoria and increased the margin on the all-games.

In the other game, Dick Bartle's eighth-inning double drove in the winning run as Salem Senators bested Tri-City Braves, 3-4, with Ted Edmunds brilliant in a relief role.

Shamrocks, Salmonacs Battle for Lead Tonight; Vancouver Hands Nanaimo Fifth Straight Loss

HOW THEY STAND

VICTORIA	4	2	85	57	8
Vancouver	3	4	80	95	6
North Shore	1	3	51	80	4
Nanaimo	0	5	48	70	0

Next game, tonight: New Westminster at Victoria.

First place in the Inter-City Lacrosse League will be decided tonight when Victoria Shamrocks meet New Westminster Salmonacs at Memorial Arena at 8.30.

Victoria could take sole possession of first place tonight with a victory and could square the all-important games-lost record. New Westminster has lost only one game this season while the Rocks have received two setbacks.

Shamrocks will be out to avenge a 15-8 lacing they received at the hands of Salmonacs in the clubs' only meeting so far this year.

"We're going to show them the same hospitality they showed us in New Westminster," playing-coach Arnie Ferguson stated last night.

Good news for Victoria fans was the announcement yesterday that big Norm Baker would be back in the line-up tonight. Ferguson reported that Baker would be used in a utility role tonight so that he can take it easy after his long lay-off.

Baker has been out of action for more than a week with bruised kidneys suffered in a game with Nanaimo Native Sons.

There will be no further change in the line-up except that Jim Hetherington will be in goal.

Vancouver handed Nanaimo Native Sons their fifth straight defeat last night, a 14-8 lacing at Vancouver Forum.

Experience, mixed proportionately with the right dash of speed, was practically the whole story. The win, witnessed by 1,500 fans, most of whom vated Vancouver to the sole occupancy of second place, one game up on North Shore Indians. The Tribe, however, has four games in hand.

Vancouver and Nanaimo battled to a 1-1 standoff in the first period, but Vancouver assumed a 4-2 margin at the half. The visitors looked best in the third quarter, outscoring the winners 5-2 to take a 7-6 lead, which quickly evaporated at the onset of the final heat.

Scoring-wise Elmer Buchanan and Bobbie Marsh led the winners, Buchanan counting two goals and two assists and Marsh three goals and one helper. Harry Buchanan and Bert Tice-hurst each reaped three points.

Sal Maglie rang up his ninth straight victory without a defeat last night as he pitched New York Giants to a four-hit, 3-0, triumph over Brooklyn Dodgers. The victory increased the Giants' first-place National League lead over the Brooks to 1½ games.

Maglie walked four and fanned five as he shut out the Dodgers for the second time this season. He didn't allow a hit until Carl Furillo opened the fifth inning with a single.

Willie Mays, who reports for induction in the U.S. army tomorrow, helped lead the Giants to their sixth straight triumph and their second in a row over the Dodgers with a home run and two doubles. Don Mueller also homered off loser Ben Wade.

Boston Braves won 4-2 in 12 innings over Philadelphia Phillies in a twilight section of a doubleheader but the Phils came back to win, 5-4, in 10 innings in the nightcap.

Yogi Berra blasted two homers and Irv Noren hit a four-bagger with a man on base to lead New York Yankees to a 7-2 American League triumph over Washington Senators.

Allie Reynolds pitched a two-hitter for his fifth triumph and his eighth complete game. Connie Marrera, seeking his fifth win, lasted only six innings and was charged with his first defeat.

The league-leading Cleveland Indians went down 6-4 before cellar-dwelling Detroit Tigers. Viv Wertz's three-run homer capped Detroit's six-run rally in the sixth inning.

Eddie Joost doubled with the bases loaded in the ninth inning to provide the insurance runs as Philadelphia's Athletics chalked up their first victory of the season over Boston Red Sox, 7-3.

Soldiers Lose Two-Hit Game

Esquimalt Merchants picked up only two hits last night but they were enough as the Merchants rolled to a 9-7 victory over the league-leading Army squad in a Senior B Men's Softball League contest. It was the Soldiers first setback of the season.

Esquimalt scored seven runs in the first inning on five walks, two errors and both their hits.

In a pair of contests Monday Joe Fosters defeated Esquimalt A.A., 10-2, and Tillicums downed Timkeneers, 14-11.

Oak Bay moved into sole possession of first place in the Junior Boys' Inter-High School Softball League Monday by trouncing Esquimalt, 16-10, at Oak Bay. Mount Douglas edged Victoria High, 11-10, in the other game at Victoria High.

Oak Bay scored five runs in the third and fifth innings to give Dick Willis a substantial working margin. Harold Shergold clouted a home run with the bases empty in the fifth for the losers.

At Victoria High the visitors picked up eight runs in the opening inning and barely hung on.

In a postponed senior game, Mount View tallied 10 runs in a wild first inning to dump Oak Bay, 15-5. Ernie Wilson picked up the win, with Ken Barnes the losing hurler.

Next game, tomorrow: B.C. Forest Products vs. Chinese Students, Central Park, 6.30.

Pitzer & Nex showed just why they are atop the Senior "A" Men's Softball League at Central Park tonight.

Getting a route-going pitching performance from young Barry Jackson and taking advantage of the few breaks that came their way, the Gasmen nipped B.C. Forest Products, 2-1, to consolidate their hold on first place.

The victory moved Pitzer & Nex one and a half games in front of runner-up Butler's Aces and shoved the Millmen into third place.

STAYS IN CHARGE

Jackson, after giving up the loser's lone run in the opening inning, on two hits and an error, settled down to pitch good ball, being in serious trouble only in the ninth.

Jackson had to be in top form to best Cy Guest in a tight hurling duel, each pitcher issuing six hits.

Guest issued his first hit a single to Jim Morrison in the fourth and was roasting on a one-hitter until the fifth. Al Arnold then greeted Guest's first pitch with a tremendous home run to deep centre field to knot the count. Bill Reynolds kept the rally alive by walking and advanced to third on a pair of wild pitches. Vic Dale's fly ball to deep left allowed Reynolds to score from third with the winning run.

Millmen had the winning runs on base in the ninth on a pair of hits but Jackson forced pinch-hitter Charlie Sanshury to ground to second, ending the threat.

Jim Morrison was the defensive star for the winners, robbing the Products of two hits with fielding gems.

Curlers Meet

Victoria curlers are getting ready for next season firm in the belief that their planned rink will be completed this summer.

Two meetings are scheduled this week at the Dominion Hotel. Tomorrow night, the Women's Auxiliary of the Victoria Curling Club will meet to elect officers. Friday, the V.C.C. will hold a general meeting to view building plans and discuss progress made by the committee.

Anyone interested is invited to attend. Both meetings start at 8.

Ord Captures Whitney Cup In Cycle Race

Norman Ord of the Victoria Cycling Club took possession of the Brock Whitney Trophy for the second straight year as he edged Russ MacLean of Burnaby in the open 15-mile bicycle race at Beacon Hill Park over the week end.

Ord's winning time was 48.10.8. Bill Moffatt of Victoria was third. Highly favored Alf Matthews of Victoria withdrew with a cramp after the eighth lap.

Bill Moffatt, competing in his first year in senior competition, won the five-mile class "B" event, closely followed by Rolland Chalmers and Ray Birley. Birley won the one mile junior event in front of Phil Potts and Bill Wilson.

Ex-W.I.L. catchers are making their mark in faster company. From memory only, there are three in the major leagues and five in the Coast League. **Joe Rossi, Bud Sheely** and **Ed FitzGerald** are with Cincinnati, Chicago White Sox and Pittsburgh, respectively. In the Coast League, San Francisco Seals are carrying three former W.I.L. receivers—**Nino Tornay, Will Tiesiera** and **Ray Orteig—Jim McKeegan** is catching regularly with Sacramento and **Len Neal** is getting most of the backstopping at Oakland . . . Cincinnati Reds haven't beaten **Larry Jansen**, veteran righthander of the New York Giants, since August 29, 1948. Jansen boasts a 17-2 bulge over the Rhinelanders . . . St. Louis Browns will probably start both **Stubby Overmire** and **Tommy Byrne** against the New York Yankees this season to climax a remarkable deal which makes one doubt again the protessed sagacity of the New York front office. The Yanks sent Byrne and $35,000 to the Browns for Overmire last season. This season, president **Bill Veeck** reclaimed Overmire for the $10,000 waiver price and his club now has both lefthanders and $25,000 for the loan of Overmire . . . Delayed recognition of a letter from soccer-fan **Bob Stevens**, who believes that Victoria United should have been selected as the team to meet Tottenham Hotspurs and praises club-president **George Eade**, "who has done more for football than anyone in Victoria for years" . . . Latest available American Association averages disclose that **Bud Peterson**, shortstop of last year's Tri-City Braves, is hitting .325 for Louisville . . . Latest information is that W.I.L. clubs are finding it so difficult to get along with only nine veterans that the rule may be eased at a league meeting next month. It is believed the maximum will be raised to ten or, possibly, 11 . . . Victoria's sports-minded (?) park officials are reportedly asking $140 to erect goal posts for the Tottenham match next Monday. That figure does not include rent, which is paid to the Tyees, who have given up a lucrative playing date with Spokane so that the match can be held at Royal Athletic Park . . . **Doug Peden** refused to give wife Trudy a hand Sunday and enjoyed himself no end while she boated a 49-pound halibut with a small steel rod . . . A Vancouver report has it that the Inter-City Lacrosse League will relent and allow the Vancouver team to be called Pilseners.

Try Campbell River

Allan Maclean of Painter's Lodge reports that fishing is excellent in the Campbell River area. For those who prefer it in tidal waters, the first bluebacks are showing. Trout fishermen have several choices with fish rising to the fly in almost all lakes. Best bet at the moment is probably Mohun Lake but it is difficult to reach. Anglers must hike in from the north . . . Brewster, Loveland, Gosling and Lower Campbell Lakes are all good. **Taylor Spittal**, out with guide **Alvin Parkin**, limited Sunday and his catch included several of two pounds or more . . . Southpaw **Ben Lorino** had a car fender crumpled Monday when he tried conclusions with a bus . . . The Tyees did well in more ways than one Monday. Not only did they win their first game of the season at Vancouver, but more than 3,000 Mainland fans watched them do it. Monday's game was an "extra" and the Tyees are to get a 50 per cent cut . . . There are few better golfers in amateur ranks than **Harry Givan** when the Seattle stylist is right. Givan, who shot a 64 at the Victoria Golf Club recently, is playing up to his best form and serious about winning the U.S. Amateur this season. He is likely to get stiff competition from **Jack Westland**, another veteran who reportedly has added 25 yards to his tee shots and is tougher than ever . . . **Alan Strange**, who managed Spokane to the W.I.L. pennant last season, has turned down an offer to become coach of the Seattle Rainiers. The desperate Rainiers created the vacancy when they made **Eddie Taylor** a full-time scout and sent him out in search of anything that might help . . . **Ron Necciai** (Netch-eye) the Pittsburgh-owned pitching phenom who had those 27 strikeouts recently, is said to have been "discovered" by a Pittsburgh barber, who tipped off the Pirates . . . Victoria's **Berlyn Hodges** is playing first base and batting lead-off for the Moose Jaw Maples in the Western Canada Professional Baseball League . . . Colored players are doing right well in the W.I.L. this season and many of them have won fan popularity but this doesn't make any differences in some places. A report reaches this desk that Jesse Williams, colored Vancouver infielder, was invited to a Victoria club by a member and invited to leave at the request of another member. A second "fraternal" organization is said to have ruled against admittance at any time.

Plans Completed for Ladder Derby; Cruiser Heads $3,600 Prize Array

Final plans for the staging of the second annual "Ladder Derby" of the Victoria-Saanich Inlet Anglers' Association were laid at a committee meeting last night.

Secretary George Douglas and committeemen Cliff Heglin and Andy Anderson announced. following the meeting that five main prizes, with a total value of $3,100, and weekly prizes to the value of $500 will be at stake for Vancouver Island anglers.

Main prize is a Chris-Craft express cabin cruiser, complete in every detail and valued at $2,100. It was decided last night that a 25 horsepower outboard motor would go with the boat instead of the 14 horsepower motor previously announced.

Second prize is an eight-cubic-foot Westinghouse refrigerator; third prize is a radio-gramophone combination console, and fourth prize an electric washing machine. A mixmaster is offered as a hidden-weight prize.

The five main prizes will be at stake in the fish-off for the 400 qualifiers. Six weekly prizes, with a total value of $50, will be offered as a special inducement for the 10-week fishing marathon.

Another change last night was the decision to qualify 40 entrants each week. In the first event last season 35 were qualified weekly for the fish-off. In the event that all 40 places on weekly ladders are not filled, extra rungs will be added for the next week's competition. If 400 are not qualified at the end of the tenth week, entrants with the largest unqualified salmon will get a belated chance to compete in the fish-off.

The cruiser will be put on display at National Motors, 819 Yates Street, on Saturday with other prizes on display at 831 Yates Street.

The derby opens next Wednesday and continues through Aug. 12. Each week's competition will commence Wednesday morning and end the following Tuesday evening. The fish-off will be held Aug. 24.

Entrants must purchase a derby ticket and hold membership cards in the association. Memberships and derby tickets are on sale at Victoria sporting goods stores and Saanich Inlet boathouses.

Ain Thompson, who tried out for goal with Victoria Shamrocks this season, gave notice last night that he will continue to seek the position as he shut out the Nanaimo Jets and paced Foul Bay to a 16-0 victory in a Greater Victoria Senior B Lacrosse League game at Nanaimo.

Thompson handled 25 shots in the contest, including 10 in the third period. However only six were of the difficult variety as his teammates set up an air-tight defense in front of him.

It was Thompson's fourth shutout during his senior B career. He shut out Navy twice last season and once the year before.

While Thompson took care of the defensive problems, Norm Kowalyk paced the attack. The rugged forward scored five goals and passed for another pair. Gordy Bamford scored three and picked up an assist and Elmer Matthews and Jack Reid scored two each.

French-Owned Entries Rated Highly In 173rd Derby---Expect 34 Starters

LONDON, May 27 (AP).—Silnet, the French owned and bred colt, held firm as the 15 to 2 favorite tonight to win the 173rd running of the English Derby over the mile-and-a-half undulating Epsom Downs track tomorrow.

Three Americans, who have stables abroad, will be contending for the all-time record purse of £20,587 ($57,663). One of the Am-

er's Worden II, was rated a fine chance of becoming the first American-owned horse to win the classic since H. Duryea's French-bred Durbar II triumphed in 1914.

Thirty-four colts were slated to go to the post at 9.30 a.m. (EST.). If all start, the field will equal the record set in 1862. All will carry 126 pounds.

Worden II, winner over Silnet in a race in France, was held joint fourth-favorite with the Aga Khan's Tulyar, at 100 to 8 odds in the London bookmakers' final callover.

The other American entries, Lordy Lawrence's Ararat and Robert Sterling Clark's Fiery Torch were rated as long shots. Ararat was held at 33 to 1 while Fiery Torch was listed at 100 to 1. Strassburger and Lawrence maintain stables in France while Clark has two strings of racers in England.

Silnet, owned by Paul Dubosco, heads a powerful French contingent of eight which includes the top three choices. Argur, owned by Marcel Boussac, was the second favorite at 8 to 1, while Eugene Constant's Thunderhead II, winner of the 2,000 Guineas at a mile, was ranked third at 9 to 1.

PULL FOR RICHARDS

Tulyar was Britain's chief hope but the majority of the 500,000 spectators [illegible] Monarch More, a 28 to 1 shot. Monarch More will be ridden by Britain's champion jockey, Gordon Richards. The veteran rider has over 4,300 winners to his credit but he has never been able to win England's blue ribbon flat race.

Richards was offered the ride on Thunderhead but he was forced to refuse because of his contract with the Beckhampton stable.

While the race holiday spirit was in the air and spectators flocked to the ancient downs, the prize thoroughbreds were being guarded as closely as an atomic research project.

PRECAUTIONS

The colts were sheltered behind high barbed wire fences, their stables were floodlit and squads of police checked up on everyone entering the barns. Even owners had to prove their identity before the guards would permit them to visit their thoroughbreds.

The field and the odds:

Silnet, 15 to 2; Argur, 8 to 1; Thunderhead II, 9 to 1; Worden II and Tulyar, 100 to 8; Bob Major, Faubourg II, Gay Time and Torcross, 25 to 1; Postman's Path, and Marsad, 22 to 1; Indian Hemp, 25 to 1; Monarch More, 28 to 1; La Varende and Ararat II, 33 to 1; Chayev Down and H.V.C., 40 to 1; Khor-Mousa, Summer Rain, and Kara Tepe, 50 to 1; Speechmaker and Bold Buccaneer, 66 to 1; odds of 100 to 1 and up on Fiery Torch, Caerlevarock, Castleton, Hasty Prince, Merry Minstrel, Neath, Nick La Rocca, Rego, Serpenyoe, Shahrenda, Silver Wraith and Trim Curry.

Going Strong

JOHNNY ADAMS

Thirty-seven-year-old saddle veteran is currently hottest jockey on U.S. tracks. He has been averaging three winners daily at Lincoln Fields for past 10 days. He rode five winners on May 20 to give him 14 in four days and has been going strong ever since.

Ron Plumb Dies

KINGSTON, Ont., May 27 (CP).—Ron Plumb, 23-year-old hockey player, died of cancer today. He had been ill for six weeks.

Plumb was a member of Vancouver Canucks of the Pacific Coast Hockey League last year and scored 28 goals in 48 games.

Combines, senior amateur baseball team, will hold a practice at Beacon Hill Park tonight at 6.30.

Cops 'B' Title

Mrs. M. Whyte has won the women's "B" championship at the Uplands Golf Club. Mrs. M. E. Gerrard was the runner-up.

Mrs. G. Bigelow was the first flight winner with Miss M. Milburn second. Mrs. R. L. Pocock, the defending champion, was the medalist.

Remember When . .

Vancouver's great fighter, Jimmy McLarnin, in one of the closest welterweight fights in years at New York lost his world's title to Barney Ross, 17 years ago tonight. Defending the title he had won from Ross eight months previously, the Vancouver Irishman lost a close decision after 15 gruelling rounds.

Essex Misses Cricket Win In Fast Finish

LONDON, May 27 (Reuters).—Essex County got within 10 runs of beating the Indian cricket tourists in a tense finish tonight to their three-day match.

India declared its second innings closed at 368 for eight, leaving Essex to get 154 in 75 minutes. The men of Essex accepted the challenge and flailed out at the bowling. Nine wickets fell for 144 runs before stumps were drawn, leaving the match drawn.

Results:

Indian Tourists 191 and 368 for six declared. Essex 419 and 144 for nine. Match drawn.

Sussex 178 and 314. Hampshire 306 and 93 for two. Hampshire won by eight wickets.

Yorkshire 285 for nine declared. Derbyshire 118 and 243. Yorkshire won by an innings and 24 runs.

Nottinghamshire 165 and 198. Lancashire 391 for nine declared. Lancashire won by an innings and 28 runs.

Middlesex 407 for five declared and 215. Leicestershire 412 for six declared and 212 for three. Leicestershire won by seven wickets.

Worcestershire 274 and 208 for six declared. Warwickshire 210 and 151. Worcestershire won by 166 runs.

Glamorgan 361 and 210 for six declared. Somerset 199 and 260 for four. Match drawn.

Gloucestershire 234 and 330 for four declared. Kent 337 and 178 for six. Match drawn.

Braves Get Help

BALTIMORE, May 27 (AP).—Bob Greenwood, 24-year-old right-armed pitcher, was optioned today to Tri-City of the Western International League by the Baltimore Orioles.

Greenwood made seven appearances in the international league, winning once and being charged with three defeats. The Oakland, Cal., pitcher gave up 27 hits and 22 runs in 20 innings.

Stranahan Almost Upset In O.C. Amateur Tourney

PRESTWICK, Scotland, May 27 (AP).—America's favored triumvirate — Dick Chapman, Billy Maxwell and Frank Stranahan—surged ahead today in their bids for the British amateur golf championship, but Stranahan almost didn't make it.

The young Toledo, O., millionaire, winner of the historic event in 1948 and 1950, teetered on the brink of disaster before he rallied his game for an extra-hole victory over Joe Gent, 53-year-old Briton and probably the most surprised subject in the United Kingdom.

Stranahan, two down with two holes to play, finally prevailed on the 21st hole after Gent topped a brassie second shot and spent five blows without reaching the hole.

The huge gallery, which braved blustery winds and rain in anticipation of a major upset, couldn't conceal its disappointment when the middle-aged Englishman crossed the green and conceded the match to a potential par four.

Chapman, 41-year-old socialite from Pinehurst, N.C., who is defending title holder, ran into a tiger in W. C. Gibson, former Scottish champion, but applied pressure when needed to prevail, 2 and 1.

Maxwell, North Texas state collegian from Odessa, Tex., and U.S. amateur king, had less trouble in conquering Scotland's E. W. Fiddian, 3 and 2. It was the second straight victories for both Chapman and Maxwell, who moved into the fourth round—one round ahead of Stranahan.

Canada Names Olympic Hoop Team

MONTREAL, May 27 (CP)—The Canadian Amateur Basketball Association reached into five clubs today to assemble a team that will carry Canada's hoop hopes into the 1952 Olympic Games.

Six players were selected from the Tillsonburg, Ont., Livingstons, newly-crowned Dominion senior champions. Two were picked from the University of Western Ontario, London, and one each from [illegible] Waterloo Meteors and Toronto Tir-Bells.

The team will be coached by Paul Thomas of Tillsonburg who, as coach and playing guard, piloted his Livingstons to victory over Western last week in the Dominion final, three games to one.

Thomas will serve only as coach of the Olympic team and will not play in the games at Helsinki, Finland, July next.

Ebbie Bowering of Vancouver, was named team manager.

The team personnel:

Bill Coulthard, Bob Phibbs, Woody Campbell, Bob Simpson, Carl Ridd and Harry Wade from Tillsonburg Livingstons.

Glen Pettinger and Bill Pataky from University of Western Ontario.

Bob Pickel from Edmonton Waterloo Meteors, formerly of Vancouver Clover Leafs.

George Wearing from Toronto Tri-Bells.

Roy Williams from Winnipeg [illegible].

Alternates chosen: Jim Curren and Chuck Dalton of Tillsonburg and Benny Lands of Montreal Y.M.H.A.

Ridd was a member of this year's Winnipeg Varsity Grads but was given permission to play with Tillsonburg as a replacement. The replacement was allowed on the understanding that Ridd would be considered among the Tillsonburg personnel in the selection.

Branch Rickey May Have Guessed Wrong on Billy Loes

BROOKLYN, May 27 (AP)—When Branch Rickey signed schoolboy Billy Loes for a $21,000 bonus, he almost apologized to the Brooklyn press.

"The boy is not a $21,000 pitcher," he said. "Possibly $10,000 but not $21,000. But he is a Long Island boy and I can't afford to let somebody else grab him under my nose."

All of which proves that B. R., too, can be wrong. Sailing along with a 5-0 record, 22-year-old Billy looks more like a $100,000 pitcher. He's flying high with an earned run average of 0.63 and two shutouts and a 1-1 tie in three starting chances.

A brief recap of Loes' career might be in order. The youngster first attracted attention when he pitched five no-hitters for Bryant High School in Queens. After he played at Ebbets Field in a "Brooklyn vs. the world" Sandlot all-star game, the Dodgers signed him.

Billy split his first year between Dodger farms at Nashua, N.H. and Fort Worth. When he came up to the Brooks in 1950 as a bonus player, he couldn't be farmed out. His record was an unconspicuous 0-0, relieving in 10 games when little was at stake.

After a year in the army, Loes returned to the Dodgers in 1952 for spring training. No other relief jobs that Dressen body gave him much of a chance, promoted him to starting status. He was just the kid who got in May 15 on a rain check in 1950.

In his first start, Loes shut out Pittsburgh, 2-0, with six first time the Dodgers met the New York Giants this season, he battled to a 1-1 tie. Labine and Erskine were ham mered hard. Loes' came in to pitch five brilliant innings. He looked so good in Giants.

Dressen didn't wait long to give Loes his first chance. The hits. Next start he struck out Field he gets the big test a shutout starting assignment against the

HEAVEN KNOWS!

. . . you were born to be free, to have your liberty

. . . but under the present administration you are compelled to buy HOSPITAL INSURANCE whether you want to or not! You are compelled to buy it from the government, even if it costs more than from an independent company! If you do not buy it, you are prosecuted, and therein lies the story of your LOST LIBERTIES! HOSPITAL INSURANCE was supposed to benefit you, to keep the government from having to subsidize the hospitals. Even with the addition of co-insurance it has failed miserably!

Under the PROGRESSIVE CONSERVATIVE GOVERNMENT you can buy HOSPITAL INSURANCE if you want it . . . wherever you wish to buy it . . . from the government or from private concerns such as the BLUE CROSS . . . whichever will give you the best deal! And, you will not be prosecuted if you do not buy at all! This is the FREEDOM to buy WHAT you want, WHERE you want it, and the Progressive Conservative team of HARVEY, McPHILLIPS and MILES has pledged itself to bring this FREEDOM back to the people of VICTORIA CITY! Yes! It's another reason everybody's voting P.C. FOR B.C. . . . Progressive Conservative for British Columbia!

Airman In Coma Five Days

A Patricia Bay airman is entering the fifth day in a coma in Resthaven Hospital, Sidney, where he was taken last Friday night after a traffic mishap.

LAC. Pat Somerville, believed to be about 21 years old, was riding his bicycle when he was in collision with a car at about midnight Friday, at the intersection of Third Street and Beacon Avenue, Sidney.

Police said the car was driven by J. C. Tribault.

Hospital officials last night said the airman's condition was slightly improved, but that he is not yet out of danger.

City Soldier Wins Award

Fine soldiering had its reward last night for Sgt.-Maj. Percy Shrimpton, 1210 Fort Street centre, who was awarded Canadian Forces decoration. Member of 40th Technical Squadron, R.C.E.M.E., Sgt.-Maj. Shrimpton received decoration at Bay Street Armory from Lieut.-Col. Arthur Perron, commandant, Esquimalt Garrison, right, on recommendation of Maj. F. C. E. Roome, O.C. of Sgt.-Maj. Shrimpton's unit, left. (Colonist photo by Jim Ryan.)

City Composer's Work Helps Buy Organ for Coventry Church

BY RAY BAINES

An interesting new composition by a Victoria composer has helped to buy a new $30,000 organ for England's Coventry Cathedral destroyed by Nazi bombs.

About 500 persons flocked to St. John's Anglican Church last night for a recital of choral, organ and piano music, the proceeds of which will go towards the organ fund.

Highlight of the recital was a concerto for organ and piano composed by organist Frederick Chubb and played by himself at the organ and his daughter-in-law Margaret Chubb of Vancouver at the piano.

The work is interesting—at times exciting—not only because it is new but because it is a little different. Written in E Minor, the composition is not so much a concerto as "a kind of rhapsody," Mr. Chubb has said.

RICH HARMONIES

It is full of rich, modern harmonies, frequent modulations of key and changes of pace. Elusive, melodic themes knit it together.

For some, used to the more traditional harmonies of church music, parts of Mr. Chubb's work may have seemed a little strange —especially in a church whose rafters have been aged in Bach, Handel and Mozart.

We would like to hear the work as if Mr. Chubb hasn't enough to do: scored for piano and orchestra.

More traditional but no less satisfying was the rest of the program. The excellent organ work of Joyce Richardson and the talented choral singing of the St. John's Choir rounded out the full program.

CHIEF WORK

One of Miss Richardson's chief works was the "Grand Fantasia in F Minor" by Mozart, a difficult favorite of both organists and their listeners.

Highlights of the choir selections were the 101st Psalm with music by Nicholson, Grieg's "Jesu, Friend of Sinners" and the famous Handel "Hallelujah" chorus.

Contributions for the organ fund were taken up by collection. We feel that both the artists and their English beneficiaries must have received adequate support from a grateful audience.

Books Given to College

Victoria College council acknowledged yesterday gifts and awards that included 750 volumes from one donor.

Douglas G. Lochhead, librarian, reported additions to the college library of 750 volumes from the collection of the late Col. A. W. Jones, which will be housed in the new Ewing Building; five French books given by the French Embassy in Ottawa, for top students in French; and donations by Miss Sara Spencer, Miss Jeanette Cann, Miss Margaret Fletcher and K. A. McIntosh.

A scholarship of $100 for leading students of the classics will be continued by William and Clive Church. It will be known as the J. W. and Emily E. Church Memorial Scholarship.

A new bursary for a student completing his second year at the college and continuing studies at a Canadian university will be awarded by John Maltwood, Royal Oak. It is for $100 a year for two years, 1953 and 1954.

The first class, numbering four, graduated from Acadia University at Wolfville, N.S., in 1843.

FEELING ALL DRAGGED-OUT?

Do you wake up in the morning feeling tired and dragged-out? Do you have a dull head, and force yourself to keep going at a job that seems to be just plain drudgery?

It may be there's just one thing preventing you from feeling fit as a fiddle with a happy outlook on life. Like as not your trouble is due to sluggish kidneys, or just a case of plain constipation. Kruschen Salts is specially made to help correct those very conditions. Kruschen contains laxative and diuretic ingredients similar to those found in well-known mineral springs. Which means that Kruschen helps both bowels and kidneys to get rid of waste matter—gently, yet effectively.

It's worth trying anyway. Half a teaspoonful is all you need in a tumbler of hot water each morning before breakfast when needed. Millions of people use this aid to better health. Try it yourself. Get a package of Kruschen Salts today.

The bidding:

North	East	South	West
1◇	Pass	1♡	1♠
2♣	Pass	2♡	3♠
3♣	Pass	4♣	Pass
4♡	All Pass		

You are West and lead the king of spades. East and South follow with insignificant small ones. What's your next play?

This is one of the 32 deals that were played more or less simultaneously in 36 different countries as part of a world-wide par game—similar to the games that were called World Olympics and were popular in the 1930's. This game was run under the auspices of the Australian Bridge Council. The hands are very different from those readers may have seen here recently when we published the qualifying hands of the Intercollegiate Championships. These are much tougher and far more rigidly controlled.

For this hand, for example, there is a bidding par worth two points to North-South for any game or part-score contract in hearts or clubs, or for doubling East-West at three odd or higher. But no matter how the bidding has actually gone, when the auction is over the official bidding given above is read to all the players, and the final contract of four hearts and the opening lead of the spade king are directed to make sure that the players get a shot at the intended point of the play.

To defeat this contract, West must shift to the king of hearts. This insures that the defense will take either two trumps and two spades, or one trump and three spades. Any other play will give South a chance to ruff his two spade losers, or to ruff one spade and lose only one trump trick if West leads a low heart. Defeating the contract earns East-West three points—but only if the king of hearts is led to the second trick. In other words, par tournaments of this kind usually demand somewhat spectacular bids or plays.

Expert American bidding would disagree with the official bidding given here; instead of bidding three clubs, North should raise his partner's hearts.

Daily Astrology

By RITA DEL MAR

WEDNESDAY, May 28

Today's quotation: "The man who has not anything to boast of but his illustrious ancestors is like a potato—the only good belonging to him is underground."—Sir Thomas Overbury.

Wednesday for everyone: The early morning or late evening will enable you to make some headway; but the day in general is not too favorable. It requires care in dealings with those in your environment. Sidestep haste, impulse, risks, extravagance.

Look for your birthdate and birthsign below.

March 21 to April 19 (Aries)—Be shrewd in matters involving loved ones. Safeguard your possessions. Maintain harmony.

April 20 to May 20 (Taurus)—Put forth every effort to keep matters on an amicable plane. Pursue a most careful course.

May 21 to June 20 (Gemini)—Have no part of dissention among others. Be sure of yourself before taking action.

June 21 to July 22 (Cancer)—See that the monetary setup doesn't cause you to quarrel with those about you, or to lose.

July 23 to August 22 (Leo)—Be your most charming self in the company of others. Don't judge people harshly.

August 23 to September 22 (Virgo)—Solve problems; get matters finished. Be off by yourself a bit to gain needed relaxation.

September 23 to October 22 (Libra)—Don't allow others to form incorrect opinions of you; clarify things. Avoid mistakes.

October 23 to November 21 (Scorpio)—Don't give higher-ups, others, false ideas. Strengthen good will of others toward you.

November 22 to December 21 (Sagittarius)—Seek impetus from associates. Be diplomatic. Keep plans flexible.

December 22 to January 19 (Capricorn)—The trend of events will at times be contrary to your desires. Be saving practical.

January 20 to February 18 (Aquarius)—Don't ask for the aid of another; depend upon your own efforts. Avoid disputes.

January 20 to February 18—Don't ask for the aid of another; depend upon your own efforts. Avoid disputes.

February 19 to March 20 (Pisces)—Don't allow minor items to cause uneasiness. Stay clear of all arguments, hasty measures.

Experts Will View Ballet While Here

Dancers will really be under the eye of the experts when the Winnipeg Ballet appears in Victoria this week.

Ballet mistress Mrs. Betty Farally will be auditioning local dancers with a view to replacements for members of the Prairie city company who are leaving.

The audition here is part of a policy followed by the company at all its tour stops in the West.

In addition Ada Broadbent, well-known Hollywood choreographer and an ex-Vic, will be the Thursday night performance of the ballet company. She will be seeking top dancers for the Vancouver "Theatre Under the Stars" performances and possible moving picture appearances.

Members of the Kiwanis Club of Victoria, sponsors of the show, were unable yesterday to name specific hours and locations of the auditions.

The Winnipeg Ballet will be seen at the Royal Theatre here, Wednesday, Thursday and Friday evenings.

THE 24TH OF MAY

"C'mon, gals . . . it's a lovely evening . . . let's go to the Ball Game" . We sat way up high over first base, and right in front of us, & all around were many nice people. Lester Patrick stood up to put on his reefer, & to his right were Jimmie Proudfoot, his beautiful wife, and his Dad. Saw Al Reynolds and Orrie a bit to the left, & 2 rows in front was the jolly Englishman who sits right next to us at the hockey games. He's beginning to think baseball just might be more fun than cricket, altho I spotted him the other evening out at Windsor Park & he was bowling away at those three sticks in the ground, so I think he's got one foot in Canada, and the other back home. Ted Reynolds (CJVI) & Bill Stephenson (CKDA) talked so persuasively to the customers before the game started, that when the collection boxes got way up to where we were, Trudie had quite a job stuffing in her dime . . . there just wasn't any more room . . . a great sports town this, and my brother Bruce, who's taking these kids to the trials at Hamilton has asked me to tell you all how very much he appreciates your generosity. We had popcorn and hot chocolate, and Trudie thinks the colored players are the most fun to watch, as they seem to be always dancing and full of fun. I was looking over the advertising signs & once again I liked the one Eddie Mallek had . . . "Kids, Too." The G.F. fried me a couple of eggs when we got home, and the gals smeared on some peanut butter & split a bottle of Orange Crush. Next day I was out planting my petunias when Fred McGregor pulled up, and told me he had just taken his wife out to have a bite at the White Spot . . . "such wonderful pie," he said. Mrs. McGregor told me I'd better watch out for the earwigs, as she'd planted some petunias last year, & "those bugs got 'em all." I told her I'd taken out some insurance on mine, so I was quite safe, and for once I got my licks in ahead of Fred. In the evening we dropped in to the Oak Bay Beach Hotel, to see some wonderful colored slides taken by our own Mayor Harrison. As he says, very few people have any idea of the beauty of the interior of our Island. Let's hope the road finally goes thru, and he will live to see the successful conclusion to this, his lifetime crusade. That handsome Scotsman John Dunbar, further entertained . . . a rich & glorious voice, "Gosh," said Trudie, as I tucked her into bed, "I wouldn't want to sleep with a cougar on our front porch like that Mr. Mayor sed, would you Daddy?" "It's late, dear . . . so just forget about cougars, and I'll sing the Missouri Waltz . . . 'way down in Missouri' . . . the 'sandman is calling,' etc. . . . hum-de-dum-de-dum. "It would be nice, Daddy, if you could sing like that Mr. Dunbar (yawn) . . . good-nite, daddy."

Bridge Fire Poses Bit of Problem

A fire on the Gorge Bridge yesterday afternoon posed a trifling jurisdictional problem for Esquimalt and Saanich firemen.

The small blaze, started in timbers from a discarded cigarette butt, was put out by Esquimalt firemen, because it was on their end of the bridge. Saanich firemen went home.

Judge Knows, But Man Pays

Judge H. H. Shandley knew just how the defendant felt but he ordered him to pay a bill for electrical work just the same.

He brought down judgment in County Court for $57.45 against James Barr, 965 Portage Road, for an amount claimed by Saunders Electric Service for work done for Barr last December.

Barr claimed he was not satisfied that the company workmen had been on the job the seven hours for which he had been charged.

"I had the same thing happen myself, only I paid the bill," Judge Shandley said. "I didn't take it to court."

Nineteen Yachts Set For Swiftsure Race

Nineteen yachts, five of them Canadian, will take part in the race around the Swiftsure Lightship, starting in Victoria Friday.

Entry list was completed last night by Frank Ohrt, chairman of the race committee, after a telephone report on Seattle yachts planning to participate.

Entries are still open, virtually until the start off Brotchie Ledge at 11 a.m. Friday, but no more are expected.

The yawl Adios, of Seattle, damaged when she grounded near Victoria recently, is not on the list. Her skipper, Carl Jensen, won the event last year in Amorita.

Second and third boats last year, Harbine Munroe's Nautilus, Tacoma, and Franklin Eddy's Dorade, Seattle, are entered.

Dr. Phil Smith, commodore of the Seattle Yacht Club, has entered his PCC class sloop, Gossip, winner two years ago.

VARIOUS CLASSES

Winners in the various classes, and in the overall race, as determined on a handicap basis.

Entries are:

Seattle Yacht Club—Alatola, AA class sloop, Charlie Frisbie; Circe, AA class sloop, Ray Cook; L'Apache, AA class yawl, Howie Richmond; Red Jacket, AA class schooner, George Parsons; White Cloud, AA class schooner, R. R. Pratch; Westward Ho, AA class yawl, John Helsell; Maruffa, AA class yawl, John Graham; Dorade, AA class yawl, Franklin Eddy; Rebel; Revenge; Gossip, A class sloop, Dr. Phil Smith.

Bishop Leaves To Convalesce

Bishop Victor Halward, assistant bishop of diocese of British Columbia, left Victoria Monday by plane for London on convalescence from a serious illness.

He was accompanied by Dr. David Longridge of Victoria.

Extra Crews May Be Placed On Sewer Job

Extra crews may be hired soon for the Saanich sewer project, H. D. Dawson, municipal engineer, announced yesterday.

More men would be required when sufficient materials have been assembled for laying of pipe and fittings almost continuously. A shipment of 640 feet of 18-inch pipe arrived at Victoria docks yesterday, he said.

Digging work and laying of some pipe already has commenced on the scheme.

Reeve Joseph Casey, meanwhile, announced that the municipal drainage program for 1952 will include about $26,000 worth of work to widen, deepen and lower a stream from Swan Lake to meet Colquitz Creek at Marigold.

The work, to be started in July during low water, will improve conditions in the Swan Lake and Blenkinsop areas, it was reported.

'Leg Shows' Rapped By Chief of Police

Some people call them burlesque shows. Victoria's Chief of Police John Blackstock calls them "leg shows" and he's solidly against them.

There's an American road show named "Cavalcade of the West" at Nanaimo, and it is scheduled to appear here at Victoria West Park June 4 to 10.

Chief Blackstock said yesterday's meeting of the city's police commission, the chief said the "Cavalcade" included a "leg show" and a series of dice and other gambling-type games.

"Personally, I am strongly opposed to such so-called entertainment. I want your backing," he said to the commission.

He got the commission's backing and will act with discretion when the show arrives here.

Edgelow Claims Hospital Plan of Alberta Biggest Hoax Ever

Geoffrey J. Edgelow, Esquimalt Liberal candidate, told a meeting at Langford that Alberta's dollar-a-day hospital plan is the biggest hoax ever to be foisted on the people of British Columbia in the heat of an election campaign.

What's more, he said, like the Social Credit plan, the Progressive-Conservative plan is to load the cost of health insurance on the backs of the municipal tax payers.

In Alberta, Mr. Edgelow said, you pay a dollar a day when you go into hospital. Then come the extras.

"If you weren't very sick when you entered the hospital you are sick when you find the extras," he said.

National Social Credit leader solon Low will visit three Island centres to spur the Socred campaign in the last week before the election.

He is scheduled to be in Comox June 9, Port Alberni June 10 and Nanaimo June 11.

He will take over the speaking dates from Mrs. C. R. Wood, Alberta M.L.A. for Stoney Plain. She will speak in support of the three Victoria Socred candidates at a meeting at Oaklands School Friday. On June 6 and 7 she will speak in Oak Bay and Saanich.

Other big Social Credit guns taking part in the B.C. fight are Alberta Premier E. C. Manning, who flies to Vancouver for a rally at the Forum June 5; Orvis Kennedy, national organizer who will spend the rest of the campaign in Vancouver; and Alberta Economic Affairs Minister A. J. Hook, who will speak at meetings in Victoria and View Royal June 3.

Rev. Ernest Hansell, Alberta manager of the B.C. Social Credit election campaign, will begin a personal-appearance tour of the province next week.

Mr. Hansell, who has been busy with Ottawa affairs, so far has been running the campaign by remote control. He is seldom seen in B.C. but often heard. His campaign speeches have been broadcast over B.C. radio stations and tape recordings have been played at Socred rallies.

Government administration costs must be curtailed, and there must be no whitewashing of a final report which will be prepared by efficiency experts, Liberal candidate Arthur Ash said last night.

The government has recognized the problem of costs and a firm is now in the process of going through departments.

"There must be no whitewashing of the final report and it is the duty of every elected representative to see that administration costs are reduced without impairing departmental efficiency," Mr. Ash said.

The Liberal candidate spoke at St. Aidan's Hall, Saanich.

Social Credit has no monopoly on virtue, Mrs. Nancy Hodges told a Vancouver-Burrard audience last night in her tour of the province.

She slapped hard at "these imported campaigners" who are stumping the province for Social Credit.

"Why, you can almost see their halos," she said. "'We are not political,' they cry, 'we are Christian crusaders.' But these statements don't stack up with their glittering assortment of half-truths and quarter-truths . . ."

There are as many Christians in the Liberal party as in Social Credit ranks, she declared.

The Social Credit party are but a procession of minor prophets . . . exploiting religious beliefs. Why can't they be honest and say they are political?"

Social Credit will have a "large" majority in the next legislature and the C.C.F. will be the official opposition. Ald. J. Donald Smith, Social Credit candidate for Victoria, said yesterday.

Ald. Smith spoke at a luncheon meeting of the Electrical Club. He was the second of four political speakers to address the club.

He reviewed the Social Credit plans to reduce the provincial debt and put the province on a pay as you go footing.

Ceremony Planned

The J. Keith Wilson memorial addition to Red Cross House will be officially opened by Lieutenant-Governor Clarence Wallace in a ceremony at the Fort Street headquarters, June 2, at 3.30 p.m.
